Re: Village of Estero, Florida
Village Manager Recruitment Services
RFP 2015-01

Dear Honorable Mayor Batos and Council Members:

Thank you for the opportunity to submit this full service proposal to assist the Village of Estero in your search for a new Village Manager.

SGR is one of the top three local government executive search firms in the nation and has the unique ability to provide a personalized and comprehensive search service to meet your needs.

I would like to draw your attention to a few key items that distinguish SGR from other search firms:

- SGR has over 75,000 email subscribers to my weekly “10 in 10 Update on Leadership and Innovation” e-newsletter.
- SGR will also send targeted emails to our database of over 4,500 city management officials.
- SGR’s website, where this position would be posted, receives over 23,000 local government official visitors each month, with over 210,000 page hits per month – more than any other local government search firm website in the nation.
- SGR’s job board (a separate website), where this position would also be posted, is the 2nd largest local government job board in the nation, with over 16,000 local government job seeker visitors each month, and over 1,200 jobs listed at any given time.
- SGR is the only search firm with social media experts on staff, which provides a comprehensive social media marketing campaign that includes email, Facebook, Twitter, and Linkedin.

The simple fact is that no other firm can touch our reputation for being trusted by both clients and candidates, and for successful long term placements.
We are truly excited about the prospect of doing this search for the Village of Estero. I look forward to discussing in more detail how we can help you select an exceptional Village Manager and am available to visit in person with you at your convenience.

Respectfully submitted,

Unique Qualifications

Marketing and Networking
- SGR’s 10 in 10 Update on Leadership and Innovation e-newsletter, where all executive searches conducted by SGR are announced, reaches over 75,000 subscribers.
- SGR has a database of over 4,500 city management professionals.
- SGR has formal collaborative partnerships with Maryland Municipal League, Ohio City/County Management Association, Missouri Municipal League, Oklahoma Municipal League, National Public Employers Labor Relations Association, Emerging Leaders in Local Government, City Management Association of Oklahoma, and Texas Fire Chiefs Association.
- SGR trains approximately 800 local government employees each month in live training classes.
- SGR has almost 300 local government clients in 47 states for our recruitment, training, and leadership development business lines combined.

Each executive recruiter has many years of experience in local government and a national network of relationships. The entire executive search group works as a team to leverage their networks to assist with each search. SGR team members are active on a national basis, in both local government organization and professional associations. Many SGR team members frequently speak and write on issues of interest to local government executives. Only SGR can work all of the relevant networks as a peer and insider, resulting in better recruitment, better investigation, better intelligence, better information, and better final decisions.

Comprehensive Needs Assessment
SGR’s executive recruiting services are unequaled. Our role is to find the candidate who is the best match for your organization. SGR devotes a tremendous amount of energy to understanding your organization’s unique culture, environment, and local issues to ensure a great “fit” from values, philosophy, and management style perspectives.

Finding qualified candidates is not difficult; the hard part is finding qualified candidates who are the right fit for your organization. A leading edge candidate and a safe harbor candidate often look the same on paper, but will have profoundly different impacts on your organization.

Accessibility
Your executive recruiter is accessible at all times throughout the search process and can be reached by candidates or clients, even at night and on weekends, by cell phone or email.

Responsive to You
If a problem arises, or you have questions, you can count on SGR staff to be available, prepared, and prompt.
Trust of Candidates
SGR has a track record of remarkable confidentiality and providing wise counsel to candidates and next generation leaders; we have earned their trust. As a result, SGR is typically able to get exceptional prospects to become candidates, even if they have declined to become involved in other search processes, because candidates trust SGR to assess the situation well, communicate honestly and bluntly, and maintain their confidentiality.

Listening to Your Unique Needs
SGR is more interested in listening than in talking. Some firms depend on their tried and true stable of reliable candidates. These firms do not really need to listen to the client because the search will result in the same list of finalists, no matter the type of information they receive from the client. SGR devotes tremendous energy to actively listening to your organization and helping you define and articulate your needs. SGR does not just go through the motions and then provide you with a list of qualified names from a stable of regulars. We work hard to conduct a comprehensive search that is unique to you.

Recorded Online Interviews with Candidates
SGR’s unique online recorded interview process allows the search committee to see candidates in an interview setting prior to the finalist stage of the search process, and without having to pay travel expenses.

Comprehensive Media Reports
One of the worst things that can happen for your organization is to be surprised by undisclosed information about a finalist, especially if the surprise comes in the form of a newspaper article that is found by your critics. SGR has never had a client embarrassed by surprises about a candidate. SGR produces a comprehensive media search report on each finalist candidate. Each Media Report is compiled from information gathered using our proprietary online search process. This is not an automated process, and produces far superior results than a standard Google search which is typically utilized by other search firms. The report length may be as long as 350 pages per candidate and may include news articles, links to video interviews, blog posts by residents, etc. No other firm provides such comprehensive media reports.

Comprehensive Background Investigation Reports
SGR provides the most comprehensive background investigations in the industry, and we are the only search firm to use a licensed private investigation firm for these services.

Psychometric Assessments
SGR uses the DiSC Management psychometric assessment to provide a detailed understanding of how candidates will lead and manage an organization. The psychometric assessment report also provides valuable information regarding candidates’ strengths and weaknesses.
Recruitment Videos
SGR offers the option of developing a custom video recruitment ad for posting on YouTube and linking to the video in other media sources. A sample SGR recruitment video for the City of Owasso, Oklahoma, can be viewed at http://bit.ly/OwassoOKCM.

Equal Opportunity Commitment
SGR strongly believes in equal opportunity. SGR does not discriminate and is careful to follow both the letter and the spirit of laws regarding equal employment opportunities and non-discrimination. More importantly, however, SGR believes that equal opportunity is an ethical issue. SGR quite simply will not enter into an engagement with an entity or organization that directs, or expects, that bias should, or will be, demonstrated on any basis other than those factors that have a bearing on the ability of the candidate to do the job. You can anticipate that SGR will make a serious and sincere effort to include qualified women and minority candidates in the finalist pool. Although SGR obviously cannot, and would not, guarantee the makeup of the finalist group, SGR does have relationships and contacts nationwide to encourage the meaningful participation of women and minority candidates.

Value
For a variety of reasons that are detailed in this proposal, SGR will provide the most cost-effective executive search for your city. Some firms low ball their price, and make up for it by reducing the amount of time they commit, or charging extra for additional time required. SGR gives you a fixed price, and we are with you until the end of the process regardless of how many hours are required.

Emerging Leaders
SGR has a unique and unparalleled reputation of engaging and mentoring emerging leaders and young professionals. We will utilize our frequent personal interaction with emerging leaders, as well as our entire team’s social media networks, to market this position and to identify potential applicants.

Five Way Guarantee
SGR provides the strongest guarantee in the industry.

1. Our price is our price. You will never be charged an additional fee because we need to come to another meeting or spend extra time.
2. You always have 24/7 cell phone and email access to the executive recruiter and SGR’s CEO.
3. If you do not find the right candidate, we will start the process over with no additional professional fees.
4. If we place a candidate who stays less than two years, we will conduct the search again at for no additional professional fees.
5. If we place a candidate with you, we will not directly solicit them for another job.

Step 1: Organizational Inquiry and Analysis

In the Organizational Inquiry and Analysis Stage, SGR devotes tremendous energy to understanding your organization’s unique culture, environment, and goals to ensure you get the right match for your particular needs.

Outline Project Plan and Timeline

SGR will meet with the client at the outset of the project to finalize the search plans and timeline. At this time, SGR will also request that the client provide additional information about the community, organization, and position. Information requested will include general information and available resources about the community, school district, economic vitality, political leadership, organization, strategic plan, governing body goals and objectives, budget information, major projects, job description, salary range, benefits package, etc.

Individual Interviews with Search Committee and Key Personnel (if desired)

Fully understanding your organizational needs is the most critical part of conducting a successful executive search. SGR conducts individual interviews with the Search Committee, key staff, and/or direct reports to find out more about the position, special considerations, and the political environment. These interviews last approximately 30 minutes to one hour each and identify individual issues that may affect the dynamics of the search, as well as develop a composite understanding of the organization’s preferences. This process helps with organizational buy-in and will assist us in developing the Position Profile as we look for any significant staff issues or major disconnects that may not otherwise be apparent.

Development of Position Profile Brochure

Following the individual interviews and internal analysis, SGR will develop a draft Position Profile Brochure that is reviewed and revised in partnership with your organization until everyone agrees it accurately reflects the sought-after leadership and management characteristics. A sample brochure is included with this proposal document.

Step 2: Advertising and Recruitment

The Advertising and Recruitment stage includes ad placement, email distribution of the Position Profile, responding to inquiries about the position, and ongoing communication with applicants and prospects.

Ad Placement/ Social Media and Marketing of Position

The Executive Recruiter and client work together, to determine the best ways to advertise and recruit for the position. Ads are typically placed in various state and national publications, targeting the most effective venues for reaching qualified candidates for that particular position.

SGR’s preferred strategy is to rely on email distribution of the Position Profile brochure to key opinion leaders and potential prospects across the country. The position will be announced in our “10 in 10” e-newsletter, which reaches over 75,000 local government professionals, in
addition to a targeted email announcement to specific professional categories and/or areas of
the country. By utilizing an email distribution strategy, these brochures tend to “get legs” of
their own, resulting in a very high penetration rate at minimal cost.

SGR will utilize Facebook, Twitter, personal phone calls, personal emails, and LinkedIn to
promote the position. This communication is both to solicit high potential candidates and to
encourage key local government professionals to share information within their professional
circles.

**Recruitment Video**
SGR offers the option of developing a custom video recruitment ad, which can be posted on
YouTube and linked to other media sources. It is estimated that job postings with video icons
are viewed 12 percent more than traditional job postings, and that the job application rate
increases by an average of 34 percent when video is added. A sample SGR recruitment video for

**Ongoing Communication with Applicants and Prospects**
SGR communicates with all applicants on a frequent and ongoing basis to ensure applicants stay
enthusiastic about the opportunity. Outstanding prospects often will not submit a resume until
they have done considerable homework on the available position. A significant number of
inquiries will be made, and it is essential that the executive search firm be prepared to answer
those questions with fast, accurate, and complete information, and in a warm and personal
manner. This is one of the first places a prospective candidate will develop an impression about
organization, and it is an area in which SGR excels. SGR also utilizes Google Alerts for each client
organization and provide updates to our Executive Recruiters and applicants of any references
made regarding the client organization in various media outlets.

**Step 3: Initial Screening and Review**
This stage of the executive search involves managing the flow of resumes, and screening and
evaluating resumes.

**Management of Applications**
Handling the flow of resumes is an ongoing and significant process. On the front end, it involves
tracking resumes and promptly acknowledging their receipt. It also involves timely and personal
responses to any questions or inquiries.

**Evaluation and Triage of Resumes**
SGR uses a triage process to identify high probability, medium probability, and low probability
candidates. The triage ranking is focused on overall assessment based on interaction with the
applicant, qualifications, any known issues regarding previous work experience, and evaluation
of cultural fit with the organization.

In contrast with the triage process described above, which focuses on subjective assessment of
the resumes and how the candidates present themselves, we also evaluate each candidate to
make sure that the minimum requirements of the position are met, and which of the preferred requirements are met. This sifting process assesses how well candidates’ applications fulfill the recruitment criteria outlined in the Position Profile.

**Search Committee Briefing / Selection of Semifinalist Candidates**
At this briefing, SGR will provide a comprehensive progress report via PowerPoint presentation and will facilitate the selection of approximately 10-12 semifinalists. The presentation will include summary information on the process so far, the candidate pool overall, and any trends or issues that have arisen, as well as a briefing on each candidate and their credentials. No other firm offers this level of reporting detail and transparency.

**Step 4: Evaluation of Semifinalist Candidates**
Reviewing resumes is an important and valuable step in the executive search process. However, the simple fact is that resumes can be misleading. They tell you nothing about the individual’s personal qualities or his/her ability to get along with other people. Resumes can also exaggerate or inflate accomplishments or experience. SGR’s responsibility is to go more in-depth than the resume to ensure that those candidates who continue in the process are truly outstanding.

**Personal Interaction with Semifinalist Candidates**
SGR’s goal is to have a clear understanding of the person behind the resume and what makes him/her an outstanding prospect for you. The evaluation of semifinalist candidates includes follow-up by phone when appropriate to ask any questions about underlying issues.

**Written Questionnaire**
SGR will ask semifinalist candidates to complete a comprehensive written exercise designed to provide greater insight into candidate thought processes and communication styles. SGR’s written instrument is custom-designed around the priorities identified by the Search Committee and usually includes about 20 questions focusing on 5-6 key areas of particular interest to the client. This written instrument will be included with the semifinalist briefing book with the cover letters and resumes.

**Recorded Online Interviews**
SGR offers recorded online videos of candidates answering pre-recorded questions. This provides a very insightful, efficient and cost effective way to gain additional insights to utilize in selecting finalists you want to come in for live interviews. The online interviews allow the Search Committee to evaluate technological competence, demeanor, verbal communication skills, and on-camera presence. Online interviews also convey to candidates that the organization is using leading edge technology in its business processes and provide an opportunity for the Search Committee to ask candidates questions on specific topics of special interest. Online interviews are emailed to the Search Committee for viewing prior to selection of finalist candidates.
Media Search Stage 1
Stage 1 of our media search involves a comprehensive review of all newspaper articles on the candidate in major news outlets within the previous two years. These media reports at the semifinalist stage have proven helpful by uncovering issues that were not previously disclosed by prospective candidates. The Executive Recruiter will communicate any “red flags” to the Search Committee immediately upon discovery.

Search Committee Briefing / Selection of Finalist Candidates
Prior to this briefing, SGR will provide each member of the Search Committee with a briefing book on the semifinalist candidates. The briefing book will include written questionnaires, online interviews, and any additional information obtained about the candidate. The purpose of this briefing is to facilitate narrowing the list to 4-6 finalists who will be invited for personal interviews.

Step 5: Evaluation of Finalist Candidates
Once the finalists have been selected, SGR will coordinate with you to schedule interviews.

Comprehensive Media Search Stage 2
These Stage 2 Media Reports are compiled by utilizing our proprietary media search process including variations of the candidates’ names and states/cities in which they have lived or worked, and searches of local papers where the candidates have lived or worked. We also search social media sites. The Media Reports typically range from 20-300 pages per candidate and may include news articles, links to video interviews, blog posts by residents, etc. The Media Reports are put into an easy-to-read format and recorded onto flash drives for the Search Committee. The candidate’s name is highlighted each time it appears.

These media reports have proven helpful to Search Committees by uncovering issues that were not previously disclosed by candidates and that would likely not have been discovered through an automated search or Google search, typically used by other search firms. The Media Reports also give the Search Committee an overview of the type and extent of press coverage that a candidate has experienced over the course of his/her career.

Comprehensive Background Investigation Reports
Through SGR’s partnership with FirstCheck, a licensed private investigations company, we are able to provide our clients with comprehensive background screening reports that include detailed information such as:

- Social Security number trace
- Address history
- Driving history/motor vehicle records
- Credit report
- Federal criminal search
- National criminal search
- County wants and warrants
- Global homeland security search
- Sex offender registry search
- State criminal search (for current and previous states of residence)
- County criminal search (for every county in which candidate has lived or worked)
- County civil search (for every county in which the candidate has lived or worked)
- Education verification

A sample Background Investigation Report is included with this proposal document.

Assessments (DiSC and I-OPT)
It is critical for you to know as much as you can about your new executive before hiring him/her. Historically, employers have depended upon resumes, references, and interviews as sources of information for making hiring decisions. In practice, these sources have often proved inadequate for consistently selecting successful employees. The use of assessments has become essential for employers who want to place the right people in the right positions.

SGR uses a DiSC Management assessment tool, which is among the most validated and reliable personal assessment tools available. The DiSC Management Profile analyzes and reports comprehensively on the candidate’s preferences in five vital areas: management style, directing and delegating, motivation, development of others, and working with his/her own manager.

The I-OPT Assessment is a tool that measures how a person perceives and processes information. How someone perceives and processes information has a profound impact on what motivates a person, how a person sees an issue, and how that person interacts with others on team projects. Understanding one’s own I-OPT Profile makes it possible to be more self-aware. Understanding another’s I-OPT Profile helps predict how he or she will approach any given situation. (In a City Manager search, this will include I-OPT reports of the finalist candidates, direct reports, and city council. In department head searches, this will include I-OPT reports of the finalist candidates, City Manager, Assistant City Manager, peer department heads, and direct reports.)

Press Release (if desired)
Until you have “sealed the deal,” you need to be cautious in order to avoid the embarrassment of a premature announcement that does not work out. You also want to try to notify all senior staff and unsuccessful candidates before they read about it in the newspaper. SGR will assist with this coordination and with drafting any announcements or press releases.

Stakeholder Engagement (if desired)
At the discretion of the Search Committee, we will work closely with your organization to engage stakeholders in the recruitment process. Our recommendation is that we design a specific stakeholder engagement process after we learn more about the organization and the community. Different approaches work best in different communities. Below is an array of options we have used in the past, but we will collaborate with your organization to determine
which option, or combination of options, will be the most effective for the unique needs of the organization.

- Interviewing community leaders at the outset of the search;
- Holding a public forum for citizen engagement at the outset of the search;
- Facilitating a Q&A series in the local newspaper with finalist candidates. This would run a week or two prior to the interviews;
- Utilize a citizen committee to conduct the early stage candidate screening and then turn over a semifinalist list to the City Council;
- Community leader reception;
- Meet and greet;
- Search Committee and key community leader dinner meeting;
- “Round Robin” forum meetings with various community groups during a multi-day interview process; and,
- Site visits by citizen committee members to the finalist candidates’ communities to report back.

Step 6: Interview Process
Once the finalists have been selected, SGR will coordinate with you to schedule interviews.

First Year Game Plan (if desired)
“First Year Game Plan” process where finalist candidates are provided with elected official, key staff, and community leader contact information, and the candidates are given free rein to make contact with all of them in advance and use those insights to develop a “first year game plan” based on what they know so far. Feedback is received from the key contacts on their impressions of the finalist candidates from the interactions with the candidates prior to the interviews.

Assessment Exercise
This is a proprietary assessment exercise customized to your search. Our assessment exercise provides the opportunity to evaluate candidates’ written and interpersonal communication skills, as well as critical analysis skills.

Conduct Interviews
SGR will schedule interviews at a date/time convenient to your organization. This process can be as simple, or as complex, as your organization desires. SGR will help you determine the specifics you need. SGR will prepare sample interview questions and will participate throughout the process to make it smooth and efficient.

Deliberations
At this meeting, SGR will facilitate a discussion about the finalist interviews and assist the Search Committee in making a decision on whether to bring back one or more candidates for a second interview.
**Reference Checks**
Our reference checks are the most comprehensive in the industry. We place very little confidence on the references provided by the candidates since those can be expected to be biased. Instead, we will typically talk to as many as 20 professional contacts for a given candidate including elected officials, direct supervisors, direct reports, internal organizational peers, professional peers in other organizations, civic leaders, and media representatives. We always seek out the candidate’s greatest critics and greatest fans to ensure a complete, yet balanced, perspective and overview of each candidate.

**Step 7: Negotiations and Hiring Process**
Once the organization is ready to make an offer, SGR can provide additional assistance to the client in the following areas.

**Determine the Terms of an Offer**
Upon request, SGR will provide comparative data for selected organizations, appropriate employment agreement language, and other similar information to assist you in determining an appropriate offer to extend to your candidate of choice.

**Negotiate Terms and Conditions of Employment**
SGR will assist to whatever degree you deem appropriate in conducting negotiations with the chosen candidate. SGR will determine and define any special needs or concerns of the chosen candidate, including anything that could be a complicating factor. SGR is experienced and prepared to help craft win-win-solutions to negotiation “log-jams.”

**Transition Strategy**
There are a variety of transition issues when hiring a new executive. SGR will brief the client on transition issues that need to be addressed and will provide a recommendation on what actions to take. Together, we will create a transition strategy that builds the foundation for a successful long-term relationship.

**Step 8: Post-Hire Team Building Analysis (supplemental service)**
SGR can provide a customized team building workshop after you hire for the position. SGR utilizes I-OPT, which is a validated measurement tool that shows how a person perceives and processes information. Because people “see” different things when they assess a situation, they are motivated to take various courses of action, so understanding you and your colleagues’ I-OPT Profiles will enable you to work much more effectively as a team. Price is $4,000 for a half-day onsite workshop, plus travel expenses, and $150 per person for I-OPT reports (if not previously completed as part of the search process), which include Individual Analysis Report, Emotional Impact Management Report, Change Management Report, and Team Management Report. Two-Person Reports can be ordered for an additional fee of $50 per report.

The search process for the [client] City Manager position was my first experience with a search conducted by SGR. Without question, your process was the most thorough search I have experienced in 25 years and dozens of searches. As a candidate, I felt the process challenged me to be extremely well-informed about the position and the community. In addition, all SGR representatives provided me with accurate, timely and complete information throughout the search process. Congratulations and thank you!”

June 2012: “Again, I want to THANK YOU and your staff I have had the pleasure to work with. There definitely is a reason you are swamped with searches. The “Golden Rule” is serving SGR well. Please know that [staff members] have all been great and they have certainly helped me through this transition.”

June 2012: “Our organization continues to be delighted with our search results. When we made the commitment to take [the department] to the next level we only hope our search would equip us with the tools…man, did we get what we were looking for!”

Named as “One of the Best Places to Live” by Money Magazine in 2005, 2011, and again in 2013, Ballwin prides itself on the wide range of programs and services available to its residents. Consistently recognized as one of the safest and best places to raise a family, Ballwin was designated “2nd Safest City in Missouri” and “9th Safest City in the US” by Neighborhood Scout. In 2012, Ballwin was named by both Businessweek and Family Circle magazines as a “Top City for Family” and one of the “Best 10 Towns for Families” respectively. Beautiful Vlasis Park is the crown jewel of the City’s parks system and covers 31 acres featuring baseball diamonds, tennis courts, ponds, a pavilion, volleyball courts, and an array of outdoor and recreational elements. The park is home to the annual Ballwin Days festival featuring activities for the entire family including a parade, carnival rides, fireworks, live entertainment, and the Ballwin Days 5K and 1 Mile Run.

Residents and visitors enjoy easy access to various professional sports teams including the St. Louis Cardinals, the St. Louis Blues, and the St. Louis Rams. With Castlewood State Park and Meramac River nearby, there are ample opportunities for a variety of outdoor adventures.
Quality education is a priority in Ballwin. The community is served by two AAA rated districts. The premiere Rockwood School District serves 21,351 students in grades Pre-K through 12 on 30 campuses. Parkway’s college entrance exam scores are among the best in the county and the District has 14 nationally recognized “Blue Ribbon” schools of excellence. Additionally, Parkway is accredited and recognized for “Distinction in Performance for High Achievement,” the highest rating available by the Missouri Department of Elementary and Secondary Education.

GOVERNANCE & ORGANIZATION

The City of Ballwin operates under a Mayor-Alderman-City Administrator form of government. The Mayor and eight Aldermen make up the governing body and serve two-year terms. The Mayor is elected at large, and two Aldermen are elected from each of four wards. The City Administrator is the chief administrative official of the City and is responsible to the Mayor and Alderman for the day-to-day operations of the organization. The City Administrator is designated by ordinance to retain authority for all personnel decisions.

The City has 142 employees organized into four departments including Administration, Parks and Recreation, Police, and Public Works. Administration encompasses legislation, public relations, occupancy/building permits and inspections, code enforcement, planning, zoning, licensing, finance, human resources, and municipal court.

The City has a 2015 operating budget of $18.9 million. There has been no municipal property tax since 1987, and City services are financed primarily by sales tax, utility gross receipts taxes, and recreational revenues. Real estate taxes are collected by St. Louis County, the area school districts, and other governmental agencies. The utility tax rate is 7% and the sales tax rate is 8.113%.
LEADERSHIP & INNOVATION
There will be several key issues for the new City Administrator to address:

• Currently under review is the method of pooled sales tax distribution to municipalities in St. Louis County. Regardless, the new City Administrator should be prepared to explore viable new revenue sources to augment sales tax revenues.

• Several long-tenured department directors are expected to retire in the next three to seven years. It will be essential that the new City Administrator prepare for succession management and glean the significant “institutional memory” from these key staff members.

• Retention and attraction of retail businesses will be an important goal to ensure Ballwin’s continued economic growth in the region.

• The City seeks an initiative to encourage development of housing options for residents aged 55 and over with the City Administrator playing an important role in devising a plan.

• As with many communities, Ballwin has aging housing stock and aging infrastructure. The new City Administrator will need to develop a strategy to address these issues.

• The City Administrator will lead the development of a new city hall facility.

IDEAL CANDIDATE
The City of Ballwin has a very stable governing board. The Mayor and Aldermen seek a new City Administrator to lead the organization that includes a long-tenured senior staff and a dedicated work force that delivers a slate of high quality municipal services to residents. The current City Administrator is retiring after serving Ballwin in that role for 27 years.

The ideal candidate will:

• Desire to make Ballwin home for the long term
• Be energetic, yet have a calm and diplomatic leadership style
• Lead by example, maintain positive staff morale, and reward good work efforts
• Possess excellent presentation skills
• Be skilled at providing guidance to the governing board
• Have demonstrated knowledge of information technology and the use of social media
• Be active in the community
• Embrace innovation and be an “idea” person
• Have the ability to establish a leadership position among the city managers in St. Louis County
EDUCATION & EXPERIENCE
A Bachelor’s Degree in public or business administration or a related field from an accredited college or university is required. A Master’s Degree is required. The new City Administrator must have seven years of city management experience in a comparable community, or assistant city management experience in a larger city. Experience in a suburban community is a plus.

COMPENSATION & BENEFITS
The salary range for this position is $120,000 - $150,000 depending on qualifications and experience. The City participates in Missouri’s Local Government Employees’ Retirement System (LAGERS), and a full range of leave and insurance benefits is also provided. It is preferred that the chosen candidate establish residency in Ballwin. A car allowance and a relocation expense reimbursement are also provided.

- You must give your consent for reports to be provided to employers. A consumer reporting agency may not give out information about you to your employer, or a potential employer, without your written consent given to the employer. Written consent generally is not required in the trucking industry. For more information, go to www.consumerfinance.gov/learnmore.

- You may limit “prescreened” offers of credit and insurance you get based on information in your credit report. Unsolicited “prescreened” offers for credit and insurance must include a toll-free phone number you can call if you choose to remove your name and address from the lists these offers are based on. You may opt-out with the nationwide credit bureaus at 1-888-567-8688 (888-SOPTOUT).

- You may seek damages from violators. If a consumer reporting agency, or, in some cases, a user of consumer reports or a furnisher of information to a consumer reporting agency violates the FCRA, you may be able to sue in state or federal court.

- Identity theft victims and active duty military personnel have additional rights. For more information, visit www.consumerfinance.gov/learnmore.

States may enforce the FCRA, and many states have their own consumer reporting laws. In some cases, you may have more rights under state law. For more information, contact your state or local consumer protection agency or your state attorney general. For information about your federal rights, contact:

Before me, the undersigned authority, personally appeared, who, being by me first duly sworn, made the following statement:

Name of Proposer: SGR Cyndy Brown
Business Address: PO Box 1642 Keller TX 76244

I understand that a public entity crime as defined in Section §287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or any such agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

I understand that “affiliate” is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime, or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime, or (3) those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate, or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.
