

**American
Red Cross**

ASSISTANCE AVAILABLE

The American Red Cross is providing emergency financial assistance to Florida residents whose primary home suffered major structural damage or was destroyed by Hurricane Ian or Nicole.

The majority of eligible households will receive an invitation to complete an application through an email, text message or phone call directly from the Red Cross. This is a real program and not a scam. If you've received this outreach, please call **1-800-RED CROSS** [(800)-733-2767] for next steps.

If a household believes it has qualifying damage but has not received a call, text or email from the Red Cross, we encourage them to walk-in at a pop up site or visit us at a recovery center that can be found at www.redcross.org/ian.
