

WORKSHOP ITEM SUMMARY SHEET
VILLAGE COUNCIL MEETING
October 16, 2019

Agenda Item:

Corkscrew Road Widening Update

Description:

Lee County has prepared a flyer that describes the preliminary design parameters for the Corkscrew Road widening project. The County will be meeting with the communities along the roadway starting Tuesday October 15, 2019.

The flyer provides a summary of the project history as well as some of the project's important design features. A few of the design features of note are:

1. Corkscrew Road will be widened to 6-lanes from Ben Hill Griffin Parkway to Fire House Lane and 4-lane to the east.
2. Palermo Lake Court (Grandezza east entrance) will be changed from a full median opening to directional.
3. No additional signalized intersections are proposed.
4. Roadway will include a 6-ft sidewalk on the north side of the road and an 8 to 10-ft path on the south side. Typical Section A on the flyer shows a 5-ft sidewalk. Lee County has confirmed it will in fact be 6-ft.
5. A 4-ft bike lane proposed on both sides of the road. A larger bike lane could not be provided due to right of way constraints.
