

AGENDA ITEM SUMMARY SHEET
VILLAGE COUNCIL MEETING
July 10, 2018

Agenda Item:

Florida Gulf Coast University (FGCU) Estero River Monitoring Contract

Description:

The tidal section of the Estero River has been identified by the Florida Department of Environmental Protection (FDEP) as Impaired for Dissolved Oxygen and Bacteria. Additional work is required to identify the potential sources of these impairments.

The Village of Estero would like to engage FGCU to perform water quality monitoring within the tidal section of the Estero River to identify the source(s) of these impairments.

Action Requested:

Approve the contract with FGCU to provide water quality monitoring and bacteria/nutrient source identification services.

Authorize the Village Manager to execute the contract on behalf of the Council.

Financial Impacts:

The proposed contract is for \$48,193.

This is included as part of 2018-2019 Fiscal year budget of \$175,00 for Water Level & Water Quality Monitoring and Estero River Maintenance.
