7. Project Description. (Brief description of project and reason for application.)

The Board of Directors of Wildcat Run continue to update the amenity facilities at Wildcat Run, and this  
Project involves the renovation and expansion of the 19<sup>th</sup> Hole, which is the casual dining venue for the  
amenity campus. A small portion of the existing structure will be razed, as the current building represents  
a structure comprised of several additions over the years, which were sub-standard in construction. The new  
building will expand badly needed seating for the Lounge area, Dining Room, and Outside Dining with an  
Inside/outside Bar. An outdoor Social Deck and Bocce Courts are also planned.

8. Application shall be accompanied by an electronic copy of the detail plans, illustrating the scope of the project including all four (4) sides of the building, easements, and landscape plans. The plans shall define what is being requested and the existing conditions. Pursuant to Ordinance 15-01, plans and specifications are to be prepared by a registered architect or registered engineer
