Dear Ms. Gibbs:

The South Florida Water Management District (District) has completed its review of the proposed amendment package from Village of Estero (Village). The amendment proposes the Village's Water Supply Facilities Work Plan. The proposed changes do not appear to adversely impact the water resources within the District; therefore, the District has no comments on the proposed amendment package.

The District offers its technical assistance to the Village in developing sound, sustainable solutions to meet the Village's future water supply needs and to protect the region's water resources. Please forward a copy of the adopted amendments to the District. Please contact me if you need assistance or additional information.

Sincerely,
