

AGENDA ITEM SUMMARY SHEET
VILLAGE COUNCIL MEETING
September 23, 2020

Agenda Item:

Interlocal Agreement with Lee County for CARES Act Reimbursement Funding

Description:

On September 1, 2020, the Lee County Board of County Commissioners approved additional reimbursement funds for each of the six (6) Lee County municipalities. Under this distribution, based on population, the Village was awarded \$478,157 in potential reimbursement funds. The scope of activities eligible for reimbursement is limited.

The proposed Interlocal Agreement will provide the framework via which the Village can receive reimbursement from Lee County for COVID-related expenses.

Action Requested:

Approve the Interlocal Agreement with Lee County for CARES Act Reimbursement Funding.

Financial Impacts:

This could provide up to \$478,157 in reimbursement funds to the Village. However, the Village has not yet incurred this level of expense from COVID-related spending and, thus, would need to expend large sums to be eligible for the entirety of this reimbursement amount. All reimbursements are subject to review by Lee County and the federal government.
