*District One*

Dear Mr. Pete Winton:

Katy Errington  
*Vice Mayor District*  
*Four*

In accordance with Section VI: County's Disaster Recovery and Debris Management Services Responsibilities, of the Interlocal Agreement For Municipal Solid Waste Collection, Customer Services, Billing, And Disposal entered into between Lee County and the Village of Estero on September 7<sup>th</sup>, 2016, the Village of Estero hereby officially requests that Lee County provide collection, delivery to Debris Management Sites, processing, transport, and final disposal of the Village's debris, through the County's contractor.

James Boesch  
*District Five*

As is stated within this agreement, Lee County is responsible for seeking reimbursement from FEMA and/or the State of Florida for County generated debris, including debris generated within the Village of Estero corporate limits. Additionally, it is understood that given this arrangement, the Village will be responsible for payment of any uncollected reimbursements from FEMA and/or the State of Florida to ensure the system costs for services are rendered by the benefitted customers.

Nick Batos  
*District Six*

Jim Wilson  
*District Seven*

Steve Sarkozy  
*Village Manager*

It is also understood, through this agreement, that should Lee County declare a state of emergency, the Village of Estero would not activate its own disaster response, recovery, and/or monitoring contracts. Conversely, it is understood that should Lee County not declare a state of emergency, the Village of Estero maintains the right to activate its own disaster response, recovery, and/or monitoring contracts.

Burt Saunders  
*Village Attorney*

Thank you for your cooperation in this effort, and please do let us know if there is anything the Village can do to assist pre-event, including but not limited to: assistance with site selection, assistance with contractor selection, or pre-funding of debris removal.

Steve Sarkozy  
Village Manager
