

**WORKSHOP ITEM SUMMARY SHEET**  
**VILLAGE COUNCIL MEETING**  
**December 9, 2020**

---

**Agenda Item:**

Estero Chamber of Commerce presentation of their Strategic Plans for Future Growth and Impact and request for financial support.

**Description:**

Each year in the past the Chamber of Commerce has attended or provided the Village with their plans for the coming year. At the same time, they have asked for financial support for their mission.

Last year the Village provided \$25,000 to the Chamber. Of course, the COVID Crisis has dramatically affected our business community and altered the approach of the Chamber.

**Financial Impact:**

We understand that the Chamber will be requesting on-going financial support from the Village. Given that the Village has provided an annual contribution funds are available in the budget for an appropriation, subject to Village Council approval.

Per the Village Council Rules of Procedure, a request for funding would normally come to the Council for discussion at a Workshop. Should the Council reach a consensus or otherwise direct the staff to prepare a formal budget allocation formal action would occur at your next meeting on January 6<sup>th</sup>.
