

**WORKSHOP ITEM SUMMARY SHEET**  
**VILLAGE COUNCIL MEETING**  
**December 9, 2020**

---

**Agenda Item:**

Estero River Sediment Project

**Description:**

The Village of Estero's consultant (Coastal Engineering) will provide a project update on the Estero River Sediment Removal Project.

Coastal Engineering has completed the data collection and preliminary design of the sediment removal project and will present their findings and recommendations to Village Council.

The presentation includes the following:

- Location of accumulated sediment
- Identified sources of sediment
- Location of environmental resources (oysters)
- Recommended sediment removal for permit applications
- Construction cost estimate

**Attachments:**

1. PowerPoint Presentation
