

CIP Project Summary - Roadway Improvements  
(14) Broadway Ave. West Street Lights

---

CIP Category: Street Lights  
Funding Source: Gas Tax, General Fund

Design :	\$	58,300.00
Construction :	\$	613,300.00
Total:	\$	671,600.00

Project Description:

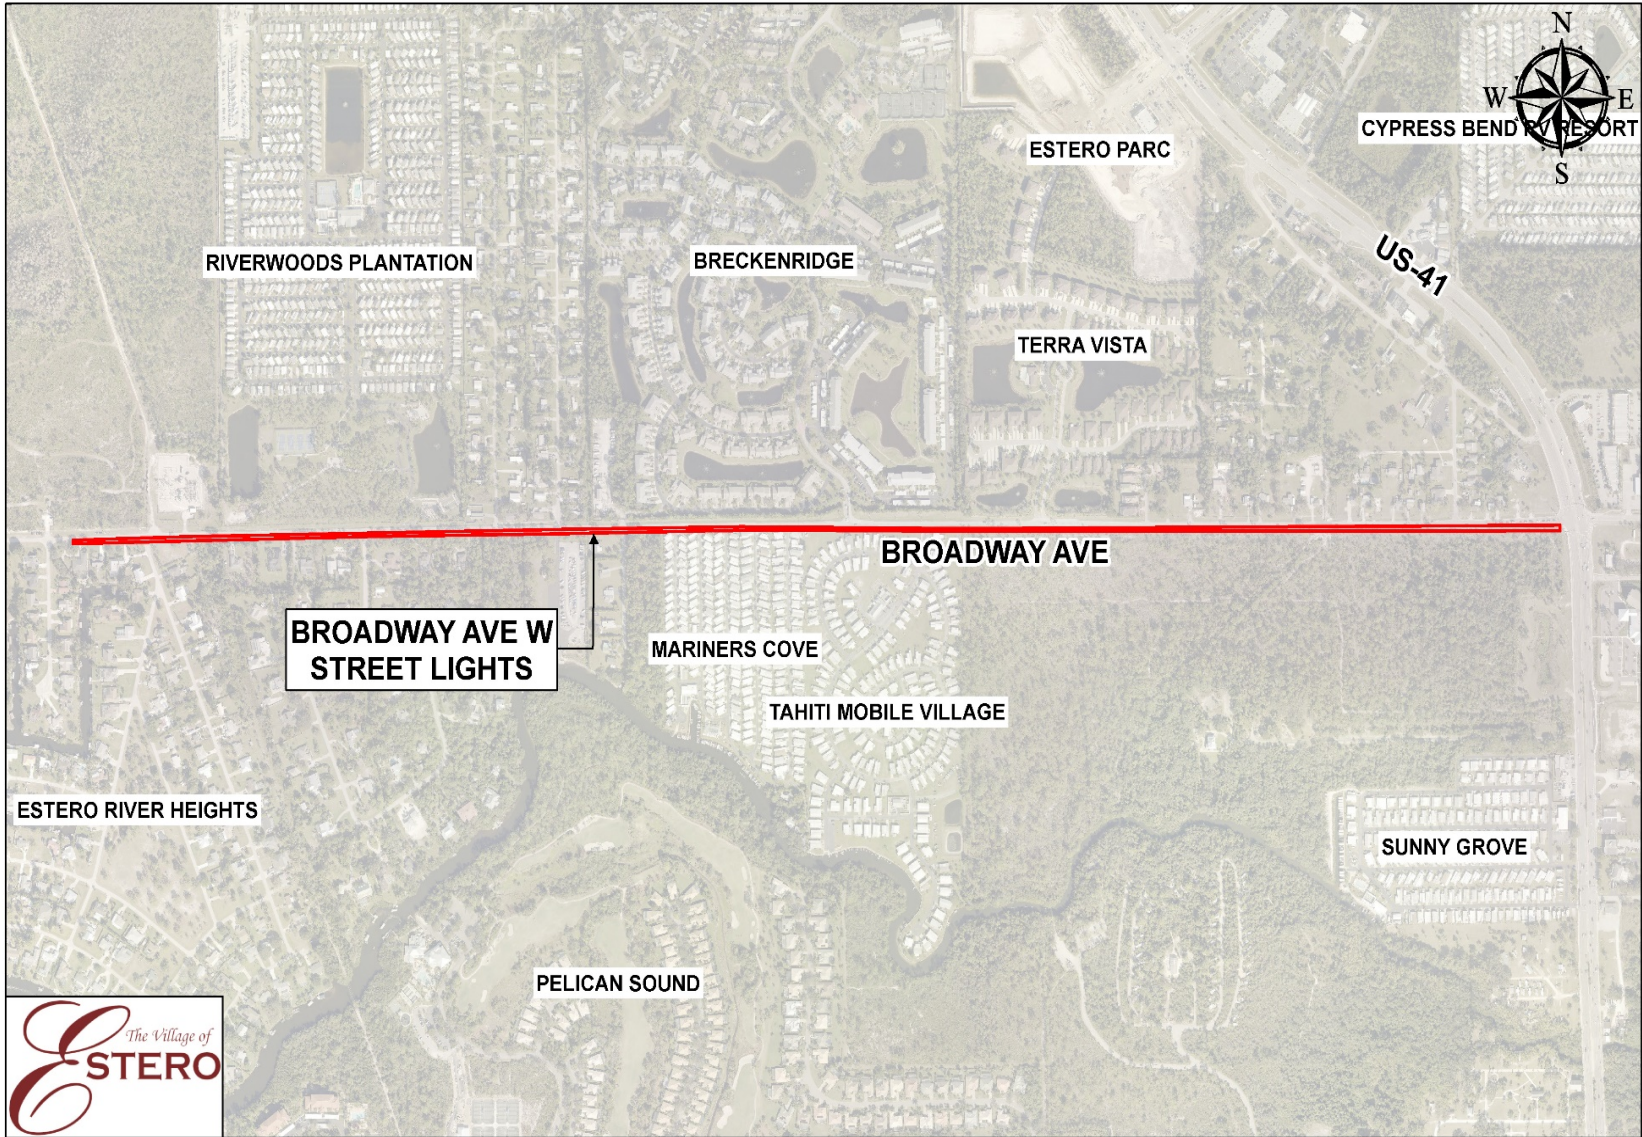

Install street lights along Broadway from Armada Court to US 41

Project Justification:

There is an existing sidewalk on the south side of Broadway west of US41 and the Bicycle and Pedestrian Master Plan recommends adding a shared used path. Installation of street lights would improve roadway safety and allow bicycles and pedestrians to use the sidewalk and/or shared used path at night.

Maintenance:

The additional operation and maintenance costs associated with the street lights including power, general maintenance, and repair will be included in the Village's General Maintenance Budget.
