

CIP Project Summary  
Broadway E Shared Use Path (Sandy Ln to Three Oaks)

---

CIP Category: Bicycle & Pedestrian

Design :	\$	402,000.00
Construction :	\$	1,757,500.00
Total:	\$	2,159,500.00

Project Description:

Construct a shared use path network from Sandy Lane to Three Oaks Parkway and Estero Parkway. This project will require coordination with private land owners as portions of the path would be located on private property.

Project Justification:

As outlined in the Bicycle & Pedestrian Master Plan, virtually all bicycle and pedestrian facilities within Estero are located along Roadways. This project corridor offers the potential to build a bicycle and pedestrian facility that is located off road. This project will improve bicycle/pedestrian access and safety.
