

CIP Project Summary
Coconut Road Street Lights

CIP Category: Street Lights

Design :	\$	53,300.00
Construction :	\$	560,000.00
Total:	\$	613,300.00

Project Description:
Install street lights along Coconut Road west of US41

Project Justification:
Coconut Road has an existing sidewalk on the south side of the road and the Bicycle and Pedestrian Master Plan recommends installing a shared used path. The installation of street lights improve safety and allow the sidewalks to be used at night.
