

CIP Project Summary  
Corkscrew Road Street Lights (US41-I75)

---

CIP Category: Street Lights

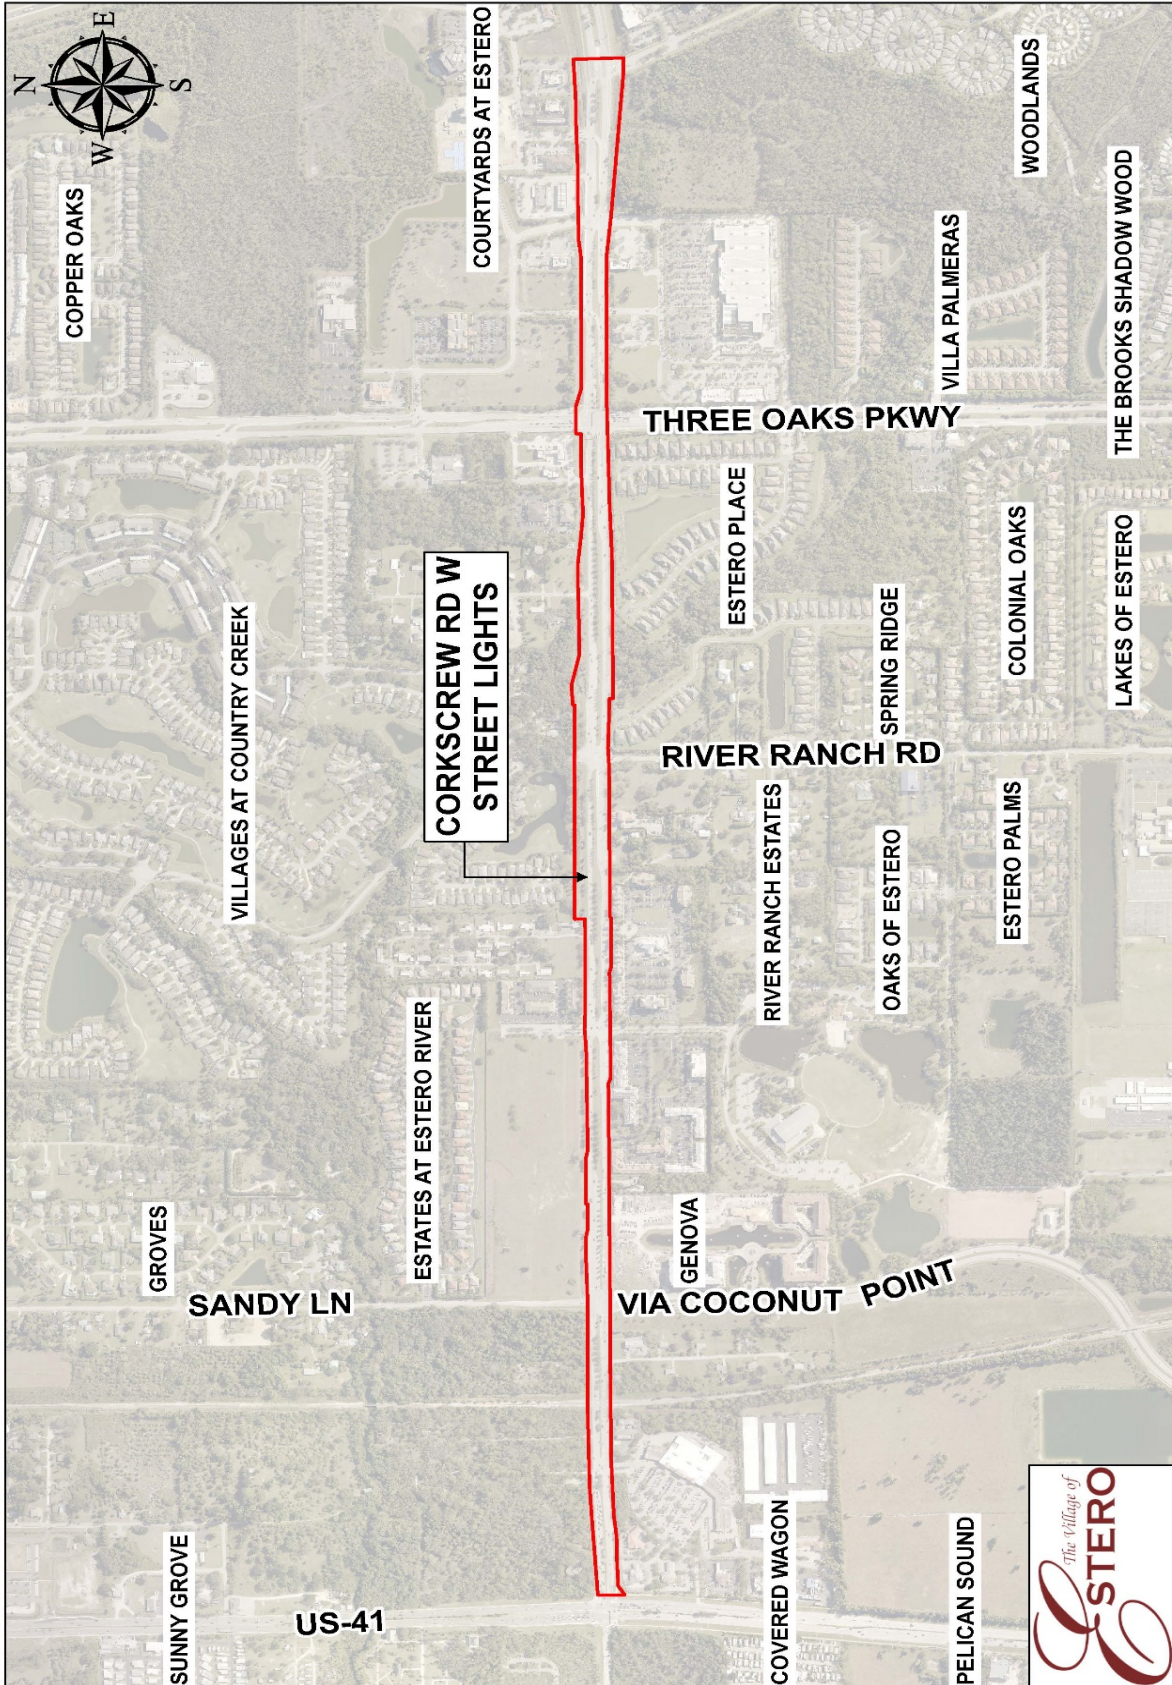

Design :	\$	145,200.00
Construction :	\$	1,528,000.00
Total:	\$	1,673,200.00

Project Description:

Install street lights on Corkscrew Road from US-41 to I-75

Project Justification:

Corkscrew Road has existing sidewalk along the south side of the roadway the entire roadway length and existing sidewalk on the north side of the road a portion of the roadway length. The Bike Ped Master Plan proposes improvements along the corridor including completing the sidewalk on the north side of the roadway. Installation of street lights along the corridor will improve safety along Corkscrew Road and promote usage of the sidewalks during night time hours.
