

CIP Project Summary Railroad Right of Way

CIP Category: Land Acquisition

Land Purchase :	\$	30,000,000.00
Construction :	\$	-
Total:	\$	30,000,000.00

Project Description:

Purchase railroad right of way through Estero

Project Justification:

The Village's Bicycle and Pedestrian Master Plan recommends utilizing the Seminole Gulf Railway property for a regional path. The existing railroad grade would provide for a great off roadway path through Estero that could connect to Bonita Springs and Lee County to create a regional path system.
