Agenda Item No. or Topic

Lack of light at the Lowe's driveway

Comments (TEXT ONLY) No Pictures or Attachments Accepted

Over a year ago the Village council approved the installation of a light at Corkscrew Rd and the Lowe's driveway. Since then the design has been done and now Nothing. Allegedly the hold up now is having to wait for the Stock Corp to build their reverse front road Prior to the light being installed. This new Wrinkle was never mentioned when the light was approved by the Council. Please do the Right thing and get this light built right now. Our Communities should not be forced to wait. Thank You
