Apartments at the Town Center

Comments

I completely disagree that any type of housing should be put in this location. This is meant to be a "Town Center" not a housing center! I did not purchase a home here to have an APARTMENT COMPLEX in our neighborhood. There is a complete lack of management with regard to all of the overgrown building happening in this area. Our roads are not equipped to take this traffic, the wildlife here is being destroyed because there is not adequate land for them to live and we certainly do not need any additional housing. Just because there is a piece of land available, it does not mean it has to have something built on it. Go find an office complex in a commercial district that is vacant because a company went out of business due to Covid and put your apartment complex there!

Comments

The owners should try to get the Lee County Sheriffs Office to move to this more central location.

Vested rights and administrative appeal pertaining to The Brooks Town Center

Comments

PUBLIC COMMENT CARD : Entry # 26676

One of the primary reasons for purchasing my carriage home at Spring Run in The Brooks in 2015 was the fact that it was part of The Brooks village community. It's wonderful to be part of The Brooks and 2,500 acres of land which includes wild life preserves, lakes and golf course, not high-density multi-story buildings. Each of the four (4) master communities within The Brooks is slightly different, but we are all anchored by the ability to join The Commons Club, and The Brooks Town Centre which until recently afforded a grocery store, some restaurants and local shops, and a bank, all within walking distance to the communities.

When Winn Dixie left The Brooks Town Center it was definitely a blow to the community. There aren't any grocery stores within walking distance anymore, with the closest being The Super Target I think. I remain ever hopeful that a small grocery/market will come back soon so that we have a closer option for shopping.

I believe we as owners have a vested right to oppose the construction of a four-story building at The Brooks Town Center, given that such construction will fundamentally change the composition of The Brooks. It will no longer be the village it was created to be with the four (4) unique communities along with recreation, commercial and wild life preservation. A four-story building in the middle of our community is not in line with any other structures, and will take away the beautiful natural views many owners selected when purchasing within The Brooks, not to mention create a large wall within our village.

For years and years each of the homeowners within the four master communities has contributed substantial sums of money to ensure The Brooks is beautifully landscaped and maintained. I am absolutely opposed to any planned development at The Brooks Town Centre other than it's originally stated purpose to anchor The Brooks four (4) master communities commercial businesses consistent with being a village as was promised and I believe I as a homeowner have a vested right to oppose such redevelopment that is not in line with the originally stated creation of The Brooks.

Brooks town center

Comments

One of the reason's e purchased here was because of the Brooks town center and the community of the Brooks. It was sold to us as an amenity of the Brooks community and now they want to take it away and put in apartments. There are no apartments in the Brooks community.

I'm in opposition to building apartments at this location. The zoning should remain as it is as a commercial location. The owners should consider turning alot of the existing facilities into healthcare offices. It is a perfect location.

Dear Village of Estero Council Member,

The four Books communities have provided our 3,552 homeowners the opportunity to sign a letter directed to you, the Village of Estero Council Members, expressing their views regarding the two items to be considered during your upcoming meeting on Wednesday, October 27th--namely the redevelopment of a portion of the Brooks Town Center. Rather than having them send individual emails, which would create an unwarranted burden on your part to read and disposition, we have attached the 2,405 signatures (including addresses) to one single letter. The letter and the signatures/addresses are contained in the attached documents. Hopefully this is an acceptable and efficient way to get this information to you in advance of your meeting. If you for some reason require individual emails, those can be provided.

Thank you for taking the time to read the letter to understand where these 2,405 residents stand on the matters to be discussed on the 27th.

Rod Woolsey
President, Shadow Wood Community Association (on behalf of the four Brooks communities)
Mobile 330/814-4626

October 25, 2021

Honorable Council Members
Village of Estero
Estero, FL 34135

Dear Council Member,

The Brooks DRI was designed and founded on the unique "Brooks Town Center". The Town Center was intentionally located near the center of the four Brooks' communities to ensure easy access by the Brooks residents to retail amenities and services, recreation, restaurants, and a central gathering place. The Town Center includes its own amenity center "The Commons Club", a commercial bank and multiple recreational and retail facilities.

Another major reason for the Town Center and the zoning classification of MPD (mixed use planned development) was to lessen traffic on major arterial road such as US 41 and Corkscrew Road by capturing traffic internally. By providing Brooks' residents with a nearby array of products and services (e.g., groceries, pharmacy, nail salon, restaurant, barber shop, etc.) the Town Center allows residents to readily avail themselves of these services, thus capturing traffic internally and not overloading major arteries.

Developer has filed a vested rights application to convert approximately five acres of the Brooks Town Center to a standalone, four story, 154-unit, multi-family building (the Project) which threatens to destroy homeowner benefits provided by the original DRI requirements and as promoted by the Developer to future residents. The Developers' plan removes the anchor grocery store (over 50% of the existing retail space), lessens parking available for customers, reduces visibility from Three Oaks Parkway and Coconut Road and reduces the financial viability of remaining businesses. In fact, this destruction of the Town Center breaches the vested rights of the residents and homeowners of the Brooks.

As to Council's decision on October 27, I support Council's denial of Developers application for vested rights for a multifamily, standalone building which eliminates a significant portion of our Town Center.

As to Council's decision on October 27, I support Council's approval of Community Development's decision that the application to alter the Town Center in this fundamental request requires a public hearing and denial of Developers' appeal requesting administrative approval of the Project. At the public hearing it will be established that a four story, multi-family building will not be, and is not, compatible with the surrounding character and ambiance of the Brooks communities.

Thank you for your consideration of my rights to protect my community.

Sincerely,

By Hand to Village Clerk on October 25, 2021

TO: Honorable Members of the Village of Estero Council:

RE: 10/27/2021 Council Meeting Agenda Items 4.a. and 4b. – The Brooks Town Center

My wife and I live in the Oak Hammock Neighborhood of Shadow Wood at The Brooks (a *Built* Planned Development of Regional Impact). We vote in District 6 of the Village of Estero. We are opposed to the plan to convert any portion of the commercial buildings known as The Brooks Town Center to multi-story multifamily residential use.

We first visited Shadow Wood in November, 2002. Before the slab was poured for our building, we were sent an Offering Circular for Oak Hammock I at The Brooks, A Condominium. I attach and will refer to excerpts from that 2002 Offering Circular. After reading – indeed studying -- and relying on the Offering Circular in our decision to purchase a coach home here, including the plan for commercial use and the Town Center, we signed a pre-construction contract less than a month later for purchase of our Unit. We closed on purchase of the completed Unit in June, 2003. We used it seasonally until July, 2017, when we became Florida residents and voters.

I refer to Section 1.6 on pages 11-12 of the Offering Circular starting on the last line of page 11, and to Exhibit 12A of the Offering Circular:

“The Brooks is being developed by Long Bay Partners, LLC ... (“Community Declarant” or “Long Bay”).... According to the Community Declaration, Community Declarant plans to develop Shadow Wood as a multi-phase planned residential community, *and to develop The Brooks as a whole as a planned community comprising residential, recreational and commercial uses.* ...Exhibit 12A [of the Offering Circular] sets forth Community Declarant’s master development plan for Shadow Wood. Community Declarant has the right, in its sole discretion to amend this master development plan.” (Emphasis in italics added.)

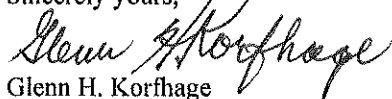

Exhibit 12 A was a single page with the parcel under discussion today labeled “TOWN CENTER.”

A multi-story, multi-family apartment complex would be an unacceptable departure from the original Master Development Plan of Long Bay Partners LLC, which (i) planned to develop “The Brooks as a planned community comprising residential recreational, and commercial uses” and (ii) designated and built this parcel as a Town Center. If this parcel were to be converted to residential use, there would be no remaining parcel in The Brooks to fulfill homeowners’ expectation of a commercial town center in The Brooks. Moreover, rather than internally capturing within The Brooks a portion of total vehicular trips to help reduce The Brooks traffic impacts on the public roadway network, elimination or reduction of commercial space at The Brooks Town Center to allow for multi-family residential use would obviously have an adverse impact on traffic on arterial and collector roads.

For these reasons, therefor, and reasons and evidence discussed in Beverly Grady’s letters of July 9, 2020, to the Village Director of Community Development and August 9, 2021, to both the Director of Community Development and the Village Attorney, we respectfully urge Council to:

- deny any claim of any of vested rights by Long Bay Partners, LLC (parcel owner), TOP-CR Associations [sic; or “Associates”?], LLC (ground lessee) or PAC Estero, LLC (apartment developer and contract purchaser of a portion of the subject property) relevant to this proposed project at the Town Center; and
- affirm the staff decision that any such “minor planned development amendment” to a *built* planned development is subject to a quasi-judicial hearing before Village Counsel.

Sincerely yours,

Glenn H. Korfhage

plan for Phase 1, then the form of Declaration and Exhibits thereto (the form of Declaration is Exhibit 1 hereto) will be revised accordingly, if necessary, prior to the recordation of the Declaration amongst the Public Records of the County.

Developer may, in its sole discretion, but shall not be obligated to, submit any or all of the Subsequent Phases to condominium ownership as part of the Offered Condominium. The latest date by which all Subsequent Phases may be added to the Offered Condominium is seven (7) years from the recording of the Declaration.

Notwithstanding the numerical sequence of the Subsequent Phases or any inference that can be drawn therefrom or from elsewhere in this Offering Circular, Developer has reserved the right in the Declaration to submit Subsequent Phases to the Offered Condominium in any sequence, provided that there shall be adequate access and means of ingress to and egress from any Subsequent Phase submitted to the Offered Condominium to and from the public way(s), including the dedicated street(s) adjoining Oak Hammock, as defined in the Declaration. Further, the descriptions relating to Phases or Exhibits referred to in this Section 1.4 of the Offering Circular, including, but not limited to, legal, graphic, numerical, narrative and the like, are approximations and Developer has reserved the right in the Declaration to the fullest extent permitted by law to change such descriptions as to a Phase by changing the Declaration prior to the recordation thereof or by recording an amendment thereto provided that no such change as to any Phase may be made after Developer conveys a Home in such Phase to a Home Owner.

In the event Developer determines not to add any Subsequent Phase to the Offered Condominium, it may determine to create a different condominium on such property. In that case, the different condominium may be operated by the Association.

1.5. Oak Hammock at The Brooks Condominium Association, Inc.

The operation of the Offered Condominium will be by the Board of Directors ("Board") of the Association elected or designated in accordance with the Articles of Incorporation of the Association ("Articles").

DEVELOPER HAS THE RIGHT TO RETAIN CONTROL OF THE BOARD AFTER A MAJORITY OF THE HOMES HAVE BEEN SOLD.

This right of control terminates at the time set forth in Article IX of the Articles.

The Offered Condominium is operated by the Association. Each Home Owner is a member of the Association as provided in the Articles, a copy of which is attached hereto as Exhibit 2. Additionally, each Home Owner is a "Member" of Shadow Wood Community Association, Inc. ("Community Association"), as such term is described in the Articles of Incorporation of the Community Association (Exhibit 5 hereto).

1.6. Shadow Wood at The Brooks

The Offered Condominium is located within Shadow Wood, a community located within The Brooks, a planned community. The Brooks is being developed by Long Bay Partners, LLC, a

Florida limited liability company ("Community Declarant" or "Long Bay"), not by Developer. Portions of The Brooks are subject to a Declaration of Covenants, Conditions, and Restrictions for Shadow Wood recorded in Official Records Book 2909, Page 0838, of the Public Records of the County, as amended ("Community Declaration"). The Community Declaration sets forth Community Declarant's plan for development of Shadow Wood at The Brooks. According to the Community Declaration, Community Declarant plans to develop Shadow Wood as a multi-phase planned residential community, and to develop The Brooks as a whole as a planned community comprising residential, recreational and commercial uses. Certain property constructed in Shadow Wood may be grouped together as a Neighborhood. The Supplemental Declaration of Covenants, Conditions and Restrictions for Shadow Wood Oak Hammock Neighborhood recorded in Official Records Book 3669, Page 2966, of the Public Records of the County ("Supplemental Declaration") is the instrument which designates Oak Hammock as a "Neighborhood" under the provisions of the Community Declaration. Developer makes no warranty or representation regarding The Brooks or Shadow Wood at The Brooks. Exhibit 12A hereto sets forth Community Declarant's master development plan for Shadow Wood. Community Declarant has the right, in its sole discretion, to amend this master development plan.

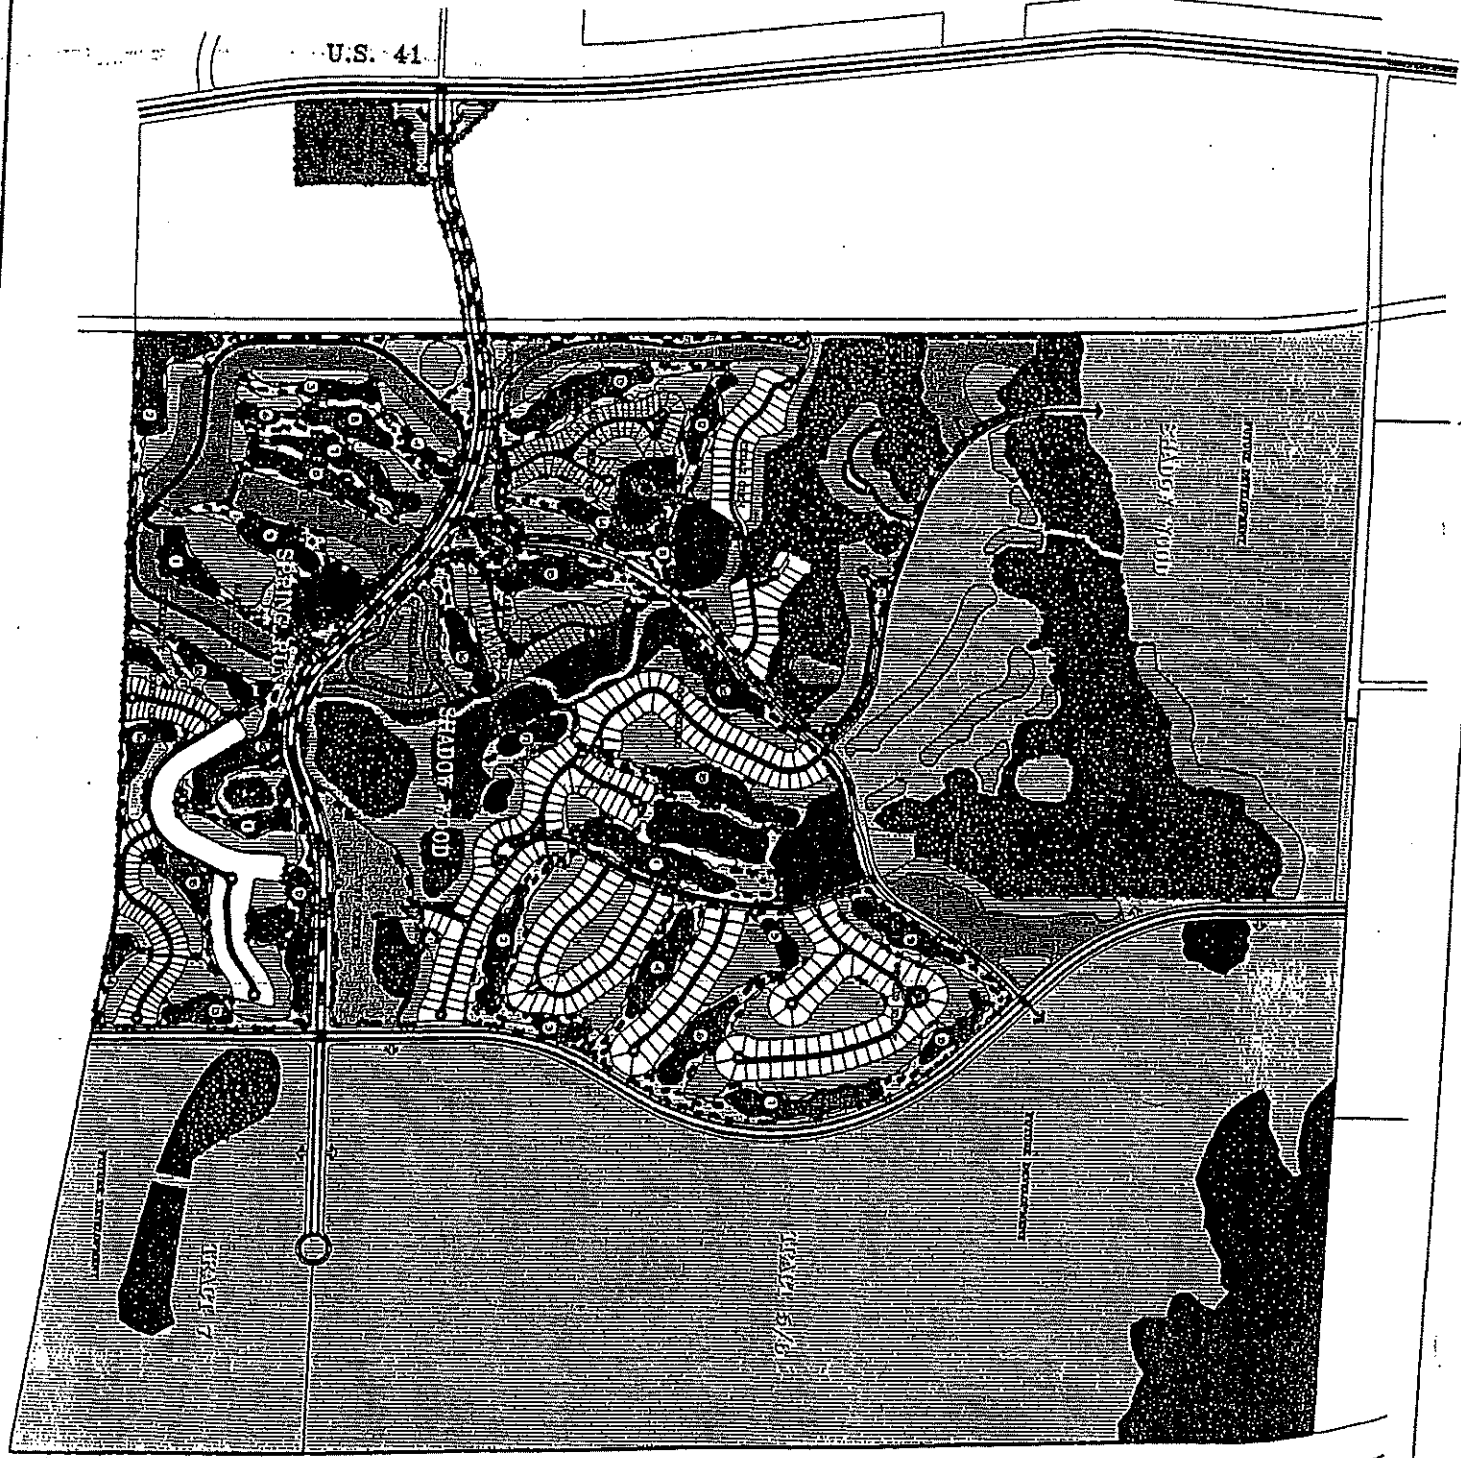

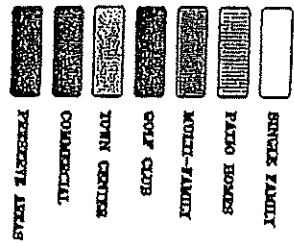

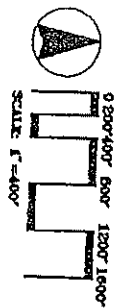

Please refer to the Community Declaration, Supplemental Declaration and the Declaration of Easements and Covenant to Share Costs for The Brooks (Exhibit 4) recorded in Official Records Book 2909, Pages 0956 through 0974, of the Public Records of the County ("Covenant to Share Costs") for further information.

1.7 Community Development District

Community Declarant has established a uniform community development district pursuant to Florida Statutes Chapter 190 ("District") to administer all or a portion of The Brooks. The District provides certain urban infrastructure facilities and services, and the District has the authority to levy and collect fees, rates, charges, taxes and assessments to pay for, finance and provide such services. These fees, rates, charges, taxes and assessments will appear on the annual real estate tax bill for each Home Owner or on a separately provided bill as a separate and distinct tax, which will include the annual minimum amount payable on outstanding bond issues (unless the underlying existing financial obligation has been otherwise paid by the Home Owner), and amounts for operation and maintenance. Taxes and assessments of The Brooks of Bonita Springs Community Development District II will constitute a lien upon all Homes.

THE BROOKS OF BONITA SPRINGS COMMUNITY DEVELOPMENT DISTRICT II ("THE BROOKS OF BONITA SPRINGS COMMUNITY DEVELOPMENT DISTRICT II" OR "CDD") IMPOSES TAXES OR ASSESSMENTS OR BOTH TAXES AND ASSESSMENTS, ON THIS PROPERTY THROUGH A SPECIAL TAXING DISTRICT. THESE TAXES AND ASSESSMENTS PAY THE CONSTRUCTION, OPERATION AND MAINTENANCE COSTS OF CERTAIN PUBLIC FACILITIES OF THE BROOKS OF BONITA SPRINGS COMMUNITY DEVELOPMENT DISTRICT II AND ARE SET ANNUALLY BY THE GOVERNING BOARD OF THE BROOKS OF BONITA SPRINGS COMMUNITY DEVELOPMENT DISTRICT II. THESE TAXES AND ASSESSMENTS ARE IN ADDITION TO COUNTY AND ALL OTHER TAXES AND ASSESSMENTS PROVIDED FOR BY LAW.

CONCEPT MASTER PLAN

GERALD R. O'CONNOR
10352 Autumn Breeze Dr, Unit 102
Estero, FL 34135-7218

Delivered to Village Clerk on October 26, 2021

TO: Village of Estero Council
SUBJECT: Brooks Town Center: 10/27/2021 Council Meeting

My wife and I strongly object to any zoning change that would give Long Bay Partners, LLC an opportunity to change its current zoning for the Brooks Town Center. The early 2000-year time purchasers within the Shadow Wood community received an offering circular that included the Town Center area as a commercial property to its new owners. This commercial town center was included to be a local convenience to homeowners that would offer increased service and property valuation to owners.

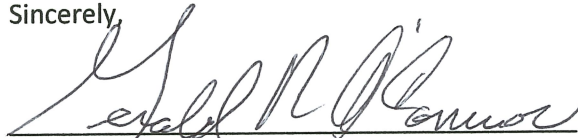

The entire Brooks community was built as a "planned development with regional impact". "Regional impact" is a legal concept. As such, it can be stated that the Brooks Town Center "commercial area" accepted by, agreed to and constructed by Long Bay Partners did meet the goal of making a regional change. This "commercial" town center gave the Brooks both a local shopping area for its residents and reduced road traffic on both I75 and Tamiami Trail. In theory, it would also have increased property valuation for the residents within the Brooks. Any attempt by this developer to now request the removal of this "commercial area" to make it "residential" is an act that would also impact the regional area. As such, it must be reviewed by the Village of Estero.

If we grant the current request to make this a "residential" area, we will substantially increase road traffic on Three Oaks, Coconut Road, Corkscrew, and Tamiami trail in addition to I75 and Tamiami Trail. Even now, we have massive traffic back-ups on our roads in both am and pm. Eliminating this "commercial" area that is convenient to all local residents will put substantially more traffic on our highways and roads that already need to be expanded.

It is crystal clear that Long Bay Partners will make more money, if they can change their original agreement to create and build a commercial town center within the Brooks. It is also clear that they do not care if the current and future residential owners have property valuations that are reduced.

If your Board (stupidly) decides to accept this zoning change, you should immediately review the impact fees to the "residential" developer. You will need to expand roads, build more schools, and absorb a smaller amount of RE taxes from homeowners throughout the Brooks. (154 new apartments will add tax revenue in the local town center area, but there may well be a reduced sale value within the Brooks as a whole, if its only commercial center is removed. Would the homeowners have any legal recourse, if the Village makes decisions that directly reduce home sale valuations? I don't know.

Sincerely,

Gerald R O'Connor
Oak Hammock

[NOTICE: This message originated outside of the Village of Estero -- DO NOT CLICK on links or open attachments unless you are sure the content is safe.]

I'm writing to express my support for the Town Center project presently under consideration by our town. I live in Shadow Wood as believe that the Town Center is not ours, as has been suggested in several of the letters you have received. The property belongs to the deeded owners and they should be allowed to do what they want with it, as long as what they want to do is reasonable. I believe what they propose is reasonable.

The NIMBY frequently seem to band together to oppose acceptable projects. It's not their money at risk. The developers should be allowed to pursue the best use for their property. The developers have no doubt sought other uses for their property and concluded that the use they are requesting permission for is best. It may in fact be the only practical alternative they have.

If the group in opposition to the project is so opposed to it then perhaps they should pool the financial resources of those in the group and make a substantial offer to the developers, one that shouldn't be refused.

Respectfully submitted,

Shelly Frank
