The new renderings for the big Estero community park look amazing for our community! We need more place to take our children and families to enjoy the outdoors! What a wonderful rendering!

With water being one of the most precious resources in SW Florida it may be time to update the Land Development Code to require irrigation line permitting and testing/inspecting.

In Berlla Terra alone, 7 or more irrigation companies installed the irrigation lines. The CDD and The Master/Subassociations spent almost \$1M over the last 20 years to repair and replace the irrigation lines.

I realize updating the Village LDC will not make much difference in Bella Terra, but other new communities and development will benefit.

I understand the city of Cape Coral updated their LDC, effective Oct 1st, 2024 to require Irrigation line inspections.

PUBLIC COMMENT CARD : Entry # 65301

Seems like the right thing to do.

As the Village charter has been amended a few times since the inception of the Village, when will the charter be amended to change our elections date to either august (primaries) or November (general election)?

The last election saw on 14% turnout. This is pathetic!

Increase in traffic from new sports park

Comments (TEXT ONLY) No Pictures or Attachments Accepted

Several years ago Estero approved the construction and location of the Hertz facility. Now it is the Sports Park. After Hertz opened the traffic almost tripled and I can only imagine what the effect the location of the Sports Park is going to cause. My home value does not keep up with the rest of the area because of the traffic and to exacerbate the issue even more the city is running an extension of the new bike trail behind my home. You even acquired a portion of my yard to accomplish this. I think the city needs to add a solid sound barrier to my community parallel to Williams. The existing trees and shrubs don't cut it. All of the noise and traffic are the fault of the city and I don't believe it should be the Community of Lakes of Estero to mitigate this issue. I won't even attempt to argue about the traffic on River Ranch because of the school. The city needs to take some responsibility for the decline in our home values as a result of their decision making.
