Cypress Bend Sewer Upgrade

I do not understand all of the legal explanations about the sewer project. However, I note that the cost was "less any grant". Can you tell me if any grant money is going to be contributed to this project. Most of us at Cypress Bend are on fixed incomes, and many have very low incomes. If at all possible, I hope that the village would take this into consideration when levying assessments. And while this project will benefit the owners of Cypress Bend, it also benefits adjoining communities and the village in general, as the river will be cleaner. Thank you for any consideration you can give to the owners at Cypress Bend.
