I just read a report outlining Estero's focus to attract Gen Z. As a former resident of 13 years in Estero (moved from Estero to Indiana in Feb 2025), a huge frustration for me to progress in Estero is the time of day that the council meets. If you want to attract younger people into leadership positions, have them run for office and be represented, then council meetings need to move to evenings/nights when working people can be there. You have all retirees on your council and the younger generation has no voice because logistically they can't attend meetings being held during the work day. I really hope this is a change that is coming.
