This is not an agenda item, but I do not know who (or how) to contact regarding my question.

I believe that the new track and football field were partially financed with Village of Estero funds, and I had heard that citizens were eventually going to be able to use the track during specified times. I have made some calls to the school and to another entity (located somewhere in the Midwest) cited by the school over the past year; however, no-one seems to know who is making the decisions and what the timetable is.

Can someone provide any clarification?

Thanks for your help,
