Estero Beautification Project for your consideration

Thank you for this opportunity to express my thoughts on something that might be of interest to the Village as well as to the Art Department of Estero High School. My wife and I frequently walk or ride our bikes along via Coconut Road. This is not a complaint, but there is not a lot of nice landscaping along via Coconut, and we've often spoken of the possibility of the Art Department and the students at Estero HS - or perhaps even a coordinated joint effort with the art students of FGCU - working with the Village to create a mural of sorts that could be painted on the wall on the east side of via Coconut, just south of Williams Road and across from Rapallo. Topics could be native animals, plants, items of specific interest to Estero, etc. We are both retired educators, and I believe the students might enjoy doing a project where their work could be enjoyed by the thousands of people driving, biking, or walking along that roadway daily. This would especially be nice as the new sports complex is developed at the corner of Williams and via Coconut. Just food for thought, and I wasn't sure who to go to to suggest this as a project for consideration.

My sincere thanks to all of you for your work for a better Estero!

Sincerely,

Robert Grumley, resident of Genova

I am absolutely in favor of Impact Fees. We should have had them from
The beginning.
