I would like the Council (or whomever has the authority) to consider a change at the entrance to Publix at Corkscrew Village. At this time those exiting onto Corkscrew can make a left turn. Those entering off Corkscrew can make a left turn into the parking lot. Often this cause a back up of vehicles with little or no visibility for anyone. I am asking g that a consideration be given to a NO left turn onto Corkscrew out of the parking lot. I have witnessed MANY near accidents at this particular entrance/exit. In light of the fact that new communities will soon be built that increases the danger level. Please review and consider my request.

Thank you

Susan Neatrou

BERT

Comments (TEXT ONLY) No Pictures or Attachments Accepted

I have lived in an Illinois community along Historic Route 66 for 46 years. I have watched the development of Constitution Trail, a Rail-to-Trail corridor within the twin communities of Bloomington-Normal. Better yet, the State is promoting the development of Historic Route 66 trails from Chicago to St. Louis and Constitution Trail links up to them. I always say Constitution Trail has been the most popular project our cities have done, and I expect the same for BERT. There will be concerns about encouraging home invasions, interfering with golf courses, etc. but the record in our area about crime on or alongside properties hasn't proved to be an issue. And high netting helps out with golf course and other recreation areas. Go For It!
