I oppose the proposed site as it is way to close to residential properties. There are alternatives sites , such as to the west of hole #4 that are more secluded.

Good Day

I am firming objecting to the location of the pickleball courts being located where the basketball courts are located. The constant noise from the ball will put neighbor against neighbor as it has done in many other neighborhoods. Our condos in Sabal Palms will be severely affected by this relentless noise and will severely affect not only the quality of our quiet neighborhood but the value of our homes. Please do not allow these to be built on this site.

Thank you. Dawne Hilliard

I am not opposed to pickleball but that location would be horrible! Right in the main thruway of the club? Disrupting the restful bacci games? Really a poor choice of placement

Pickleball courts at Grandezza

Pickleball courts do not have to be so close to Sabal Palms or Oakwood. The area that has been designated is going to be a problem for the residents of the west facing lanais in Sabal Palms and the east facing lanai in Oakwood. Also, the noise from the pinging of the balls will be annoying to the diners at the pool and at bogeys. There are other places, the Pickleball courts could be —behind the exercise studio would be a perfect place.! The constant pinging of the balls is annoying especially at 8 o'clock in the morning and 6 PM at night while trying to relax on the lanai. Please reconsider placing the Pickleball courts as described in your diagram.

#2 Pickleball Courts in Grandeza

Comments (TEXT ONLY) No Pictures or Attachments Accepted

Kindly consider supporting a resolution to allow the placement of some pickleball courts in our community. My wife and I have owned here for 7 years . I have raised this issue with management consistently in the time we have lived here. Pickleball is an ever growing sport for all ages and provides excellent exercise and comradery for all participants. While I am fortunate to have friends in other communitis locally that allow me to play, it would be wonderful to be able to reciprocate that kindness occasionally in Grandeza. I will be out of town the day of the meeting but will be joining same virtually seeking your support.

Best regards,

Glenden (Glen) Bakke

Comments (TEXT ONLY) No Pictures or Attachments Accepted

I am against the installation of the pickleball courts where the basketball court is now. We are directly across the pond from the clubhouse. The sounds from the clubhouse area travel freely across the pond. Years ago, units in Sabal Palm were asked about potential courts in the same area. We voted no. This village council meeting is the first I have heard of this plan now. We will be the ones most affected. Noise from pickleball courts has been an issue in many communities. It would seem that an area surrounded by trees would be a better choice to minimize the noise issue.

Although I support the addition of pickleball at Gradezza we feel strongly that the current basketball court remain in it's current location. Perhaps the pickleball court(s) could be located in the fringe of the general parking lot next to the basketball and bocce court. Thanks for your cosideration.

When this was originally addressed in 2022, a prerequisite was a completed survey of approval. This survey approval was for residents within 750 feet from the proposed site. It was voted down (not approved). It was sent again; it was not approved. The site has not changed. Why would this be acceptable now in 2025?

I am a Grandeza resident and strongly in favor of the new pickleball courts in general and in favor of the location.
I am not a pickleball player, but have many friends who are. New knee!
I believe it will be an asset to our community and can only help property values.
The site will be near to the current high activity areas of the bocce ball courts and driving range.

Adding Pickleball

Comments (TEXT ONLY) No Pictures or Attachments Accepted

I am strongly in favor of adding Pickleball at Grandeza. It is a fastest growing sport in America. It provides excellent social connection for our community It's a great sport for all age and ability levels to participate. It promotes physical health and well-being. It will improve home value. It would be a mistake for Grandeza to miss out on this opportunity to add such a valuable activity for our community. Pickleball has become so popular that it will be a liability moving forward if Grandeza does not have pickleball.

As a resident and golf member we support the application to build four Pickle Ball courts.

The Vision

This initiative promotes physical activity, social engagement, and better recreational facilities for all residents. Adding Pickle Ball courts will offer a modern, inclusive space for both experienced players and newcomers. Additionally, it will make Grandezza more competitive in the real estate market, attracting buyers interested in Pickleball communities.

Benefits for the Community

- Promotes Health: Pickleball is a fun way to stay active.
- Encourages Social Interaction: Courts foster community bonding.
- Inclusivity: Suitable for all ages and skill levels.
- Enhances Property Values: Better amenities can boost property values.

PUBLIC COMMENT CARD : Entry # 67130

- Reduced Noise: New technology reduces pickleball noise compared to earlier versions and tennis, proven by Wildcat Run's recent court installations.

I look forward to Grandeza adding Pickleball. It's a great sport for all ages and ability levels. Pickleball is extremely popular and is a great social opportunity for our community. There is a growing group of people here at Grandeza that currently drive 15 minutes to a public park to play. It would be awesome if we could have it right here. We are one of the few communities in Southwest Florida that don't offer this activity.

We are residents of Grandezza Country club and I have to say, we are not only super excited that we could be getting Pickleball but also feeling that it is about time we got it. We bought in 2021 and were told at the time "yes, it is coming" by the membership and a real estate agent. We play at 3 Oaks but the courts are so busy and you have to play with people you do not know. This is going to be a great addition to our club and not only bring members together in a healthy and active way but also in a social way. Everyone will benefit....right from ALL home owners property value but also golf members, as the T sheet will be lighter to the food and beverage department. We have friends at Wildcat run and they have now had courts for 5 months and they are super satisfied and have had zero issues/ complaints. Hopefully residence that have concerns will do their due diligence and find out...the game has come a long ways. E. G. Noise reducing panels and acoustic matts.

Fingers crossed...as I know it will be a huge hit and within a year...the majority will be wishing for more than 4 courts.

Good luck...get it done

Basil McRae.

Pickleball at Grandeza

We fully support the pickle ball proposal for Grandeza . It is critical for real estate values and for additional recreation options. It is possible to mitigate some of the sounds of the game play.

I am a Grandeza resident who strongly supports the proposed pickleball courts.
It would be a positive for our property values.
Noise should not be an issue as the bocce ball courts and the golf range in the area already get a great deal of use!
I am not a player.
