"Brooks Amended Pickleball LDO2022-E051"

**Comments**

I oppose the modification plans to reduce the number of pickleball courts from 16 to 11.at the Commons. Pickleball is a well-loved sport and many residents enjoy it. It's so difficult to reserve a court now, with so few courts available and although 11 is more than we have now, I don't understand the reduction. Why such opposition to the courts and this location? Very few, if any, homes are close to the courts, I don't understand it.

I firmly support keeping the number of courts to 16.

Sincerely,

Joanne Apesos

Brooks Amended Pickleball LDO2022-E051

**Comments**

I am in support of Brooks Amended Pickleball LDO2022-E051.

The need for more courts has been an ongoing issue for several years here in the Brooks Community. The original number of anticipated courts of 16 is a number that I believe continues to be an accurate plan. Over the past few years, the CC courts continue to be heavily used with more and more residents looking to enjoy a sport that encourages both physical and social enjoyment. Court Reserve is fully booked with the more popular Intermediate, Intermediate plus and Advanced players all simultaneously logging on, and left with no open spots within 1 minute of registration opening! Heaven forbid your internet is down! Building less than 16 is not efficient as I believe the number of residents who would want to be involved much more frequently, back off as they find there's no spots available in the time slot they'd like to avail themselves of. 16 courts, supported by all Spring Run is a reasonable number that would definitely afford so many more interested Brooks residents to participate in such a popular

**PUBLIC COMMENT CARD : Entry # 55425**

sport and social past time. Why not at least keep up with the rest of the SWFL Bundled communities and build the 16 courts - they will be brimming with the happiest residents!

Brooks Amended Pickleball LDO2022-E051"

**Comments**

We have been enjoying the different Brooks pickleball clinics and open play during our stays and visits in Florida. We have met many new, nice players which keeps us coming back. It has become so popular and more people playing that more courts will be beneficial for all of the communities in the Brooks. Definitely a plus for the residents and future residents of the Brooks community; therefore, I entirely advocate building the new 16 courts.

BPC pickle ball court expansion

**Comments**

I would like to have enough pickle ball courts to support the large and growing interest of the FOUR Brooks communities! I have to be ready at EXACTLY 8:00 AM when registration begins in order to be lucky enough to be one of only 24 people to play on just THREE courts! I'm not certain 16 courts will be enough for the four communities, I certainly do not want fewer available! Thank you for allowing us to voice our concern.

Brooks Amended Pickleball LDO2022-E051

**Comments**

I strongly endorse the petition to add at least 16 pickleball courts to the TCC courts. This number SHOULD NOT BE R3DUCED!! As the village of Estero most recently and the CDD's previously, continue to argue, contemplate, question and possibly reduce the number of pickleball courts planned at The Commons Club, the Brooks communities fall behind most others in the area in terms of court numbers and availability. If our communities are to market to potential new home owners, it is imperative that we provide a much more up to date pickleball amenity. It has been incredibly frustrating to see the addition of courts voted down and pushed back for at least the last four years, while pickleball continues to be the fastest growing sport in America, among seniors, and in southwest Florida. I implore you to move forward ASAP in approving the addition of at least 16 pickleball courts at The Commons Club.

PB Court Petition

**Comments**

I as an avid CC PB player, socially, ladies team and volunteer beginner instructor, have seen the need for additional courts. Eleven would be ideal to eliminate waitlist numbers, give additional courts for intermediate and advance instruction. I totally am in favor of this petition and appreciate all board members and others who have put their heart and soul in The CC pickleball amenity. Thank you. Barbara Schafer

**Date**

04/05/2024

**Agenda Item No. or Topic**

Brooks Amended Pickleball LDO2022-E051

**Comments**

I fully support the amended submission for the expansion to 11 courts. Commons Club is trying to provide more access to pickleball courts for its members (membership is open to all residents of the Brooks communities). The demand has far surpassed the supply of courts in the area forcing members to attempt to play on the limited number of park district courts.  
Thank you.

The Commons Club pickleball request

**Date**

04/05/2024

**Agenda Item No. or Topic**

Brooks Amended Pickleball LDO2022-E051

**Comments**

I would like to express my support for The Commons Club request to reduce the number of pickleball courts from 16 to 11. Also, one comment on noise concerns from the play on the courts is way less than the sound of loud cars, motorcycles and trucks on Coconut Road. An example of this was this morning when we had to stop play to hear the score given due to traffic noise. Thank you.

Brooks Amended Pickleball LDO2022-E051

**Comments**

I fully support and am in favor of the Common's Club new plan for pickleball expansion. The new plan provides adequate distance from residents. This plan would also be built on the same land that was already approved by the village last year. Please approve this plan as soon as possible since having 3 pickleball courts this season has been a real challenge with finding time to play. Thank you for your time and consideration.

Brooks Amended Pickleball LDO2022-E051

**Comments**

Thank you for considering this change to our previous plans. Pickleball is an important part of The Brooks Community. It not only provides our many members with physical exercise, it also enhances our ability to forge new friendships through Open Play, Skills and Drills as well as team play. The additional courts are badly needed. Our three courts are not sufficient for the number of members and programs that we currently have in place. Wait lists are long and the courts are being utilized every hour they are allowed to be scheduled. This leaves many members unable to play because we are restricted to only being able to sign up a few times a week. I was fortunate to have played in the Estero PB league this past season and traveled to communities here and in Naples. All of them have many more courts than we do. It has become a detriment to our community - people are deciding not to purchase homes/condos in The Brooks because our Pickleball facility is inadequate. We would appreciate your "Yes" vote again to allow this change to take place in order to ensure our members can continue to enhance their health and social well being. Thank you.

brooks amended pickleball Id02022-e051

**Comments**

Please support this proposal as it an improvement over the previous proposal as it reduces the number of courts requested and further mitigates noise as the courts are placed close to coconut road.

The community needs more pickleball courts as there is never court time available.

Thank you for your consideration.

Brooks Amended Pickleball LDO2022-E051

**Comments**

i strongly support the amended request for the expansion of PickleBall Courts at the Commons Club. My wife and i enjoy PickleBall and the only issue we have is court availability. PickleBall promotes a healthy lifestyle in addition to creating new friendships for us and enhancing our experience as Brooks residents. I am aware a small minority of people recently decided to express noise concerns and i offer up that prior to purchasing in Copperleaf we were on a long-term rental in an affluent development in Naples (Pelican Marsh) with heavily used PickleBall courts and there were no noise complaints raised despite their heavy use. I ask for your support of this agenda item.

**Comments**

I am completely in favor of the Brooks Amended Pickleball LDO2022-E051.

This is imperative to get this done.

Thanks for your consideration.

Jim

**Comments**

I am in favour of this updated plan which will enhance and promote a healthy active lifestyle within our neighbourhood. Because of the proximity of these courts to our homes, this will reduce road traffic as many of our Commons Pickleball Club travel to other courts due to the fact that our current courts don't meet our needs. Further this is simply a modification to an already previously approved designed that meet all zoning & design criteria including noise mitigation. Too bad we can't do something about the excessive road noise from the vehicle traffic.

Pickleball Courts

**Comments**

This email is to support the building of the Pickleball Courts at the Commons Club. Our community needs to offer more courts to support the number of players that want to play. It is getting ridiculous to be on waiting lists when we pay high dues to live in the Brooks. Please, let get this approved and get started!

Brooks Amended Pickleball LD02022-E051

**Comments**

I support the amended pickleball proposal. I'm not sure there's a more suitable area in the Village of Estero to build pickleball courts. The amended proposal is within the same location parameters as what the VOE approved last year. Also the closest residence is over 460 ft. from the court site creating a minimal noise disturbance particularly with the road noise coming from Coconut Rd.

I respectfully request that you approve the pickleball courts for the Commons Club/Brooks. The courts have been a great source of health & well being to us, not only for the physical activity but for the sense of community & friendships we have formed. More courts are essential. Thank you.

Brooks Amended Pickleball LDO2022-E051

**Comments**

I fully support and endorse the TCC proposal to add new Pickleball Courts at the Commons Club. Pickleball is so popular now, especially in South Florida that it would be detrimental to not have sufficient courts. Compared to other neighbouring communities, we lack pickleball facilities.

Brooks Pickleball Courts

**Comments**

I am writing in support of the construction of additional pickleball courts at The Commons Club at The Brooks. As you know, this sport has grown exponentially in recent years and the existing three courts are grossly inadequate to meet the demand for play from all of The Brooks communities. Now that The Commons Club owns the land, it would be wonderful if new courts could be added as soon as possible. The location is perfect next to the three existing courts, and will greatly add to the recreational opportunities for The Brooks residents. Thank you for your consideration.

Brooks Amended Pickleball LDO 2022-E051qqq

**Comments**

These pickle ball courts are necessary for a thriving community. People moving to this area will wan pickle ball courts near by. In the winter months it is very hard to get a court - more courts are necessary. Sound testing has been done already which showed that the fountains in the communities here is louder than the pickle ball courts.

**Comments**

I strongly support the plan to build additional pickleball courts at the Commons Club. The current number of courts is inadequate to meet demand. Pickleball significantly enhances health, quality of life and property values. It's amenity that residents want. The planned expansion, actually smaller than previously approved, is really needed. Please allow this project to move forward.

Brooks Amended Pickleball LD02022-E051

**Comments**

I have been a resident of LHB since 2010 and an avid pickleball player since 2018. I have been involved in the leagues, teaching lessons, organizing community and social events and have served on the Brooks Pickleball Club Board of Directors and The Commons Club pickleball committee. The interest, involvement and growth of pickleball at the Brooks has been nothing but positive. A community of comradery, caring and pure joy is the result. However, this growth now necessitates more courts. To accommodate this need, we are asking you to vote in favor and support the proposal to modify the previously approved pickleball court design by reducing the number of courts from 16 to 11. This amended design will allow a relatively quick solution for our need for more courts.

Thank you so much for your time and effort on behalf of the Brooks residents.

"Brooks Amended Pickleball LDO2022-E051"

**Comments**

Please give your support to "Brooks Amended Pickleball LDO2022-E051." Pickleball as a sport is rapidly growing, and participation among those of us who have embraced it here in the Brooks is considerable. This has resulted in extreme difficulty in finding court time to play; often it is an impossible feat. More courts would put us more in line with other communities in the area, and provide us with an attractive amenity as well. Your support is truly necessary in keeping our community on par with others where people choose to go to take advantage of this desirable feature. It would be great to be able to play on a regular basis, instead of a day here or a day there because there is rarely open court time to play. I know many others would find this would enhance their lives here as well.

Thank you for your consideration, and hopefully your endorsement,  
Glenda Fahey

Brooks Amended Pickleball LDO2022-E051

**Comments**

I'm writing to support the Brooks amended proposal for revised pickleball courts being submitted. It was passed the first time it was submitted with sound levels well below the Village's ordinance. This new proposal is for fewer courts, with enhanced landscape etc. continuing to mitigate any sound concerns. Our condo is adjacent to the courts and we fully support the new plans being submitted.

Brooks Amended Pickleball LDO2022-E051"

I would ask that you consider and pass the amended brooks Pickleball proposal. I actively use the courts and the common club needs a greater number of courts to serve the needs of residence.. as a resident of lighthouse Bay and a member of the Commons club, My wife and I have use the Pickleball facilities and see the needed for the expansion of the chords per the proposal..

Brooks Amended Pickleball LDO 2022-E051

**Comments**

I am a resident of the Brooks, at Copperleaf Golf Club. We have lived here for 8 years. We joined the commons Club as golf members in 2019.

I started playing pickleball years ago with lessons at the commons club courts. Pickleball is a growing sport, now encompassing a wide range of ages. My ten year old grandson plays now.... I think building more pickleball courts at the commons club is an asset and nothing less.. It will entice people to buy within the brooks and become members of the commons club. Our population is getting younger by the day, and pickleball will help attract our future buyers.

Thank you

**Agenda Item No. or Topic**

Brooks Amended Pickleball LDO2022-E051

**Comments**

I thoroughly endorse this petition of the new pickleball design at The Commons Club for 11 pickleball courts. These courts are long overdue as 3 courts is wholly insufficient for the population of pickleball players in The Brooks community.

Brooks Amended Pickleball LDO2022-E051

**Comments**

I am in full support for the addition of pickleball courts at the Commons Club in Estero. Pickleball is a growing sport and if Estero does not support as many courts as possible we will lose people and growth. Right now we are greatly short of courts and need as many as will reasonably fit into that space.

6d. The Brooks Commons Club - Pickleball Expansion

**Comments**

Jim Rock the Spring Run Board president resides at 9741 Spring Run Drive, Unit 2207 has been on the Spring Run board for 13 years, the last seven as board president. Below are his paraphrased comments made on the record at the January 10<sup>th</sup> public hearing. In your files, view at timestamp: 2:42:00.

\*Spring Run has no room within the community to add pickleball courts.

\*He feels the expansion location does not violate the peace and solitude of anyone's residence which he feels is important.

\*Jim strongly urges that the VOE members consider moving ahead as quickly as they can. He's not had any complaints, not one that he knows of from anyone within Spring Run and people are pretty prone bringing up their viewpoints that violates their own sanity.

\*So since they've had no complaints the Spring Run Board would strongly endorse this project.

**Comments**

We endorse this petition as these courts are desperately needed. Three courts for 4 communities doesn't nearly fulfill what's needed. I tried getting a court reservation three times over the past couple of weeks and none were available. This is very frustrating for the entire Brooks Community.

Brooks Amended Pickleball LDO2022-E051

**Comments**

Pickleball provides a healthy activity for Estero residents of all ages. The Commons Club at the Brooks is responding to the overwhelming need for more courts to accommodate the large number of residents who wish to participate in the sport but are unable to do so because of the lack of available playing time. Since pickleball is the fastest growing sport in the country, the need for more courts will just continue to grow, so the time is now to fulfill that need. The Brooks has been trying to accomplish this for years, all the while the demand has been increasing. Time to finally get it done

Brooks Amended Pickleball LDO2022-E015

**Comments**

We strongly endorse the Brooks Amended Pickleball LDO2022-E051 Petition. Please do not delay this project. Our current pickleball courts are inadequate for the number of pickleball players within Brooks. The current courts are also outdated and present greater risk of injury than the newly designed courts. Pickleball is an amenity that people desire and if the current courts are not replaced The Brooks Communities will be less desirable and property values will suffer.

I am in full support of this amendment! Please vote to approve this plan! Thank you! I am a Brooks Commons club member and love to play and wish we were able to play more but due to lack of courts and availability this has not been possible. I find anyone who plays this sport to be happy, healthy and fun to be around. Who wouldn't want that! Thank you for supporting this amendment.

Pickleball redesign at the Brooks Commons Club

**Comments**

I fully support the pickleball plan that the Brooks Commons Club is proposing. It will not add to traffic in the area like the other crazy developments that have been approved by Estero, and it will provide a place for people to connect and exercise, keeping the community strong and healthy.

Brooks Amended Pickleball LDO2022-E051

**Comments**

I support this amended plan. IT ONLY MAKES SENSE! This is a reduced version of what has ALREADY been approved by the Village of Estero- after extensive evaluation and with particular specific attention to the extensive noise attenuation study presented by an independent highly regarded engineering firm. I live very close to the property in question and I can attest that court noise is not the problem. This amended request is asking initial approval for 7 new courts with the potential to add 4 more course at some future time. Last year's well considered approval was for a total of 16 courts- a request now for a 30% reduction in total courts. THE ONLY PROBLEM IS THE TRAFFIC NOISE FROM COCONUT ROAD!! Please simple reaffirm your prior commitment and approve the Brooks Amended Pickleball LDO2022-E051 plan. Thank you.

6d. Brooks Amended Pickleball LDO2022-E051

**Comments**

I am in favor of the much-needed addition of pickleball courts at the Brooks. With over 800 playing members, 3 courts are grossly inadequate. The courts were installed approximately 9 years ago and have never been resurfaced. As a proposal for 16 courts last year had already been approved, there is no reason to deny the request to reduce the number of courts. The required sound study submitted previously indicated that the levels generated are well within the established guidelines.

Please approve this proposal and allow this essential project to commence.

Brooks Amended Pickleball LDO2022-E051

**Comments**

We are writing to express our support for this amended project. The original LDO was approved by the PZDB a year ago and this is simply a minor adjustment to that approved LDO. The need for more pickleball courts at The Brooks remains overwhelming. And this site, as described by a PZDB member, remains an ideal site for pickleball. This amended plan actually makes the site even more ideal by moving courts further away from the homes in Magnolia Bend and Sweet Bay. In the 8 years since we built the current courts, we have not had any sound complaints, not from Shadow Wood and not from Spring Run. The nearest home to these courts is nearly 500' away and well insulated from pickleball sound as measured by professional sound engineers. There is no doubt this is an excellent plan, an excellent location and an excellent solution with no negative implications on neighbors. Please approve this amendment to the approved LDO. Thank you.

Brooks Amended Pickleball LDO2022-E051

**Comments**

This e-comment card endorses our support of this petition. Pickleball is a very important activity for the Brooks community and for us, personally. Given the popularity of the activity and the size of the community, it is critical to approve the additional courts, as outlined in the petition.

"Brooks Amended Pickleball LDO2022-E051

**Comments**

The number of current Brooks pickleball players far exceeds the current court capacity and the players is growing each year. The expansion plan will meet current and future needs PickleBall is a highly desired amenity for current and future Brooks homeowners.

I would like to strongly support The Commons Club pickleball committee's request to add pickleball courts and to reduce their expansion plan from 16 to 11 courts.  
Thank you.

**Comments**

I am a year round resident of the Brooks and member of the Commons Club. I VERY much support the addition of Pickleball Courts in our community. This is an amenity that most new clubs currently have and it is located far enough away from houses and sound studies have been done to ensure that the sound should not adversely affect any surrounding homes. It should be noted that the street (Coconut Road) that runs right next to the courts is VERY loud with cement trucks passing throughout the day. The sound of pickleball is nowhere near that level. I also believe that this was passed by the zoning board previously when the CDD was applying. Even if some residents do not play, this amenity will increase the value of their homes.

**Comments**

I am in favor of this petition. Pickleball is an increasingly popular sport for all ages, especially seniors such as myself, and is one of our primary means of exercise. The demand for courts is increasing, and the existing 3 courts are already overburdened by demand. They are available for use to over 2500 Commons Cub memberships, which likely represents over 4000 persons (a membership is a household). The location is far removed from housing, and any noise is minimal compared to the noise from the adjacent Coconut Drive. More courts in this location would be a boon to Brooks residents seeking healthy forms of outdoor exercise.

**Comments**

I wholly endorse the TCC application to amend the construction of pickleball courts. The courts are situated in an ideal location adjacent to Coconut Road where the road noise itself overshadows any pickleball noise. Please vote to approve this application.
