Milan Village development agenda

**Comments**

I am strongly opposed to any form of densely populated development. Attached single family homes would adversely affect the traffic flow on Williams Ave. It would also have a negative affect on the sound levels in the Lakes of Estero community. There currently is no sound barrier protecting the existing homes along Williams Ave. The increase traffic levels and noise will be damaging to our home values. The only way I would support such a development is if the developer would agree to erect a sound barrier to protect those homes in the Lakes of Estero community

**Comments**

I support the construction of four dedicated pickleball courts at Riverwoods Plantation. It will be a tremendous asset to the community with minimal impact to the surrounding area. Riverwoods Plantation currently utilizes 4 tennis courts to pickleball (8 courts). Addition of 4 courts will have minimal negative impact to the surrounding area.

Pickleball courts at Rivetwoods Plantation in Estero FI

**Comments**

Pickleball is the fastest growing sport in the US.  
We have four tennis courts now that are made into pickleball courts which aren't enough to fill the demand.  
One question asked when people buy are do you have designated pickle ball courts?  
There is a great need in our park for more courts.  
Thank you for considering our request.

Special Exception Riverwoods Pickle Ball

**Comments**

I appreciate the chance to comment on this subject. Pickleball has been played on the tennis courts for several years at Riverwoods adjacent to where these new courts would be. These new courts would allow for Pickleball and Tennis to be played at the same time. If you live in Florida you well know that games like Tennis and Pickleball are not played at noon or the in the early afternoon due to sun and heat. So will these new courts mean more pickleball? Probably not but it does restore our ability to play tennis. These courts are a significant distance from the road and our neighbors across the street. As far as in the Riverwoods Community, this motion passed with a large majority. Objections from within the Riverwoods Community are a Riverwoods problem not village of Estero. Thanks again.

## **PUBLIC COMMENT CARD : Entry # 35483**

Riverwoods Pickleball started in 2014 with approximately 16 players, thru the years it has grown to over 200-250 players. Like throughout the U.S. and worldwide it is the FAST growing sport. It is taught in elementary, middle and high schools everywhere! It's been endorsed by AARP and many more senior groups that it is the best activity to keep our senior citizens in better for physical and mental health condition. In Riverwoods our kids, grandkids and older visitors all enjoy playing plus it brings all the community together for great fun times with lots of great laughs! The new Pickleball Courts will increase home values and able to accommodate the huge number of resident and visitor players. Now rumor has it there are two complaints about installing the new courts, been playing PB since 2014 - why haven't these people complained before? The new courts would a few feet closer to the road BUT there are trees and shrubs between the court and road to help silent the play and laughs. This area where the courts are to be built was approved to be a sport area in the begins of Riverwoods in the 1980's. Will our pavilion where we hold gatherings and dances with live music be the next complaints? Will this be like all students in school be punished due one bad student behavior? Please use common since and approve the building these courts.

**Comments**

I am writing to you to request you approve the four pickleball courts that Riverwoods is proposing to build. The proposed pickleball courts are approximately 100 feet from the road, so the noise to neighbors should be minimum. The majority of the time just Riverwoods people play on the courts, so they will not add to traffic. The players play in the morning, so lights will not bother anyone. Pickleball is the fastest growing sports in the USA. This is especially true for the 55+ Population, which is what are community is. The community has outgrown the few courts we have, because so many people are enjoying this healthy activity. Thank you in advance for considering our request.  
Mary Borsari

**Comments**

Pickleball is the fastest growing sport in the US. There are very good reasons for that. It is a sport that can be played by all ages, young and old alike. Here in Riverwoods, Pickleball provides a great way for us seniors to stay active and involved. In fact, the number of those playing Pickleball in Riverwoods has grown to more than 200 players. The concerns of the Planning Board have been addressed and satisfied. Does it make sense that one complaint should eliminate that activity for this many residents? We encourage the board to approve our proposed plan.  
Thank you.

Special Exception Riverwoods Plantation Pickleball

**Comments**

This is in regard to the special meeting being held on August 9, 2022 regarding the building of new pickle ball courts at Riverwoods Plantation. The pickle ball courts are typically used in the morning at our park which would not interfere "noise wise" with most of our neighbors, since most of them are probably at work when most of the play takes place. Also, I don't feel that the noise from playing pickle ball would travel far enough to be annoying to our neighbors.

This sport has been an up and coming sport for some time and allows us to have an additional sport in our park. I believe that if anyone in the surrounding neighborhoods played the sport, they would understand how much fun it is and how much exercise you get from playing.

I would hope you would allow us to move forward with the building of new courts.

Thank you.

**Comments**

It is my understanding that the decibel level of the ball hitting the paddle is lower than the decibel level necessary to not allow 100 plus senior citizens the privilege to play the rapidly growing enthusiasm for the sport. Please allow this to be passed.

Pickleball Courts at Riverwoods

**Comments**

My husband and I are avid Pickleball players at Riverwoods. We currently have no designated courts in which to play; use of the modified tennis courts restricts our activity to the schedule of the tennis organization. Our Pickleball players pledged \$20,000 seed money to create our own courts on which to play whenever we have the opportunity. The Riverwoods community, even those that do not play, overwhelmingly voted to add this amenity to our wonderful park. Please consider our request to allow these courts to be built.

I support the development of new pickleball courts here at Riverwoods. It is a fantastic activity to keep older residents active and healthy. It brings the community together socially as well. The noise level has been tested and is well within limits allowed. It is far less noisy than lawnmowers or traffic going up and down Broadway. This community fully supports and has already funded the project.

**Comments**

To whom it may concern,

Please know that it is very important to me and all the residents of Riverwoods that we be able to continue playing pickleball and it is my hope that you will approve the permit for new pickleball courts. It is a shame that one unhappy person can be the reason for discontinuation of play or denial of the permit. Pickleball is one of the reasons I chose to purchase a home in Riverwoods. It is beneficial to MANY MANY people.

**Comments**

Our 55+ community follows the Blue Zone Commitment of Health and we excel at providing activities to keep our residents healthy, and therefore lengthen their life and increase the quality of that life. Pickleball is a newer sport that allows seniors to transition from tennis to the less physical pickleball. Communities such as ours and cities all over the country are scrambling to include this particular sport within their domains. We are a good neighbor to all around us and will continue to be. And we are committing to not play outside of normal and customary hours for play.

Special exception for pickle ball courts in Riverwoods

**Comments**

We are sending this to voice our support for allowing our Riverwoods Plantation resort community to put in new pickle ball courts. The hearing is coming up next week and my husband Gordon and myself encourage you to allow this permit to be approved.

Thank you in advance for your consideration to approve this allowance.

Marilyn and  
Gordon Whitmar

Riverwoods Pickle Ball

**Comments**

I encourage you to vote for the exemption (approve the pickle ball courts). I am a resident of Riverwoods Plantation. Pickle ball has rapidly become popular in Riverwoods, and I believe the new courts would not affect the quality of life for the neighbors.

Thank you.  
Frank Greiner

Special Exception Riverwoods Plantation Pickleball

**Comments**

As a resident of Florida and a homeowner in Riverwoods Plantation, it is my desire that the building of these Pickleball courts be allowed to proceed. Pickleball is one of the fastest growing sports and individuals looking to purchase and move to RW specifically look for these courts. Your favorable consideration would be greatly appreciated.

**Comments**

I moved to Riverwoods because I enjoy Pickleball and the activities offered. We have hundreds of Pickleball players and need additional courts.  
In season, we have new players coming every day. Pickleball is great exercise and is a sport many different types of people can play and enjoy!  
Thank you.

Riverwoods pickle ball courts.

**Comments**

Pickleball is a sport which is sweeping Florida, our nation and many parts of the world..it is a sport that people of just about any age from youth to senior years can enjoy and participate in. All levels of play provide fun and exercise. It also does not require a large expenditure of money for players to participate.  
Pickle ball brings people of many diverse interests into a fun and friendly community enjoying their gathering together from many parts of our country and Canada..  
Pickle ball is a sport for all to enjoy.

Special Exception Riverwood's Plantation Pickleball

**Comments**

We fully support Riverwood's in being granted a special exception to build 4 designated Pickleball courts. Presently pickleball is/has been played for a number of years on the existing tennis courts which are located right beside the proposed new courts. As such there would not be any more noise level than what has been happening for the last number of years. As an active 55 plus community pickle ball has enhanced the health of all residents who have taken up and enjoy the sport. Having dedicated courts allows us to grow and improve our community to the enjoyment of our residents and future residents .

Ourselves and Riverwoods neighbors for Pickleball

**Date**

08/04/2022

**Agenda Item No. or Topic**

Special Exception Riverwoods Plantation Pickleball

**Comments**

## **PUBLIC COMMENT CARD : Entry # 35427**

We are writing to ask you to please support and approve the Special Exception for Riverwoods Plantation Pickleball project. We believe we are the closest neighbors to the newly proposed pickle ball courts for Riverwoods Plantation. Pickleball has been played in Riverwoods for more than 7 years. At no time have we ever found the noise of senior citizens laughing and engaging in healthy physical activity, at all offensive. This project was put to a vote this past spring and the proposal passed overwhelmingly with 87% voting yes. Rarely any issue in Riverwoods passes with this kind of margin, (a 2/3 vote or more is needed to pass any proposal).

The pickle ball committee also solicited funds to help with the construction and set a goal of raising \$20,000. This goal was easily met and surpassed by the residents in Riverwoods. We mention this to demonstrate the commitment and popularity of this sport within our community. It's also important to note these courts do not have lights and will not and be played after dark.

Senior citizens staying healthy and active should be a positive goal that all residents of Estero should support.

Thanks you for your consideration,

Ann and Steve Gratton

Case# SEZ2022-E001 Riverwoods Pl. Pickleball Facilities

**Comments**

I believe that the village ought to approve the Pickleball Facilities in Riverwoods Plantation because we have many senior residents that take advantage of this excellent activity. It would also enhance our property values and make the resale of existing homes easier to sell. We have already raised the needed funds to build such a facility by private donations.
