An absolute abomination. This doesn't fit into the needs of anyone living adjacent to the proposed project. Intersection of Coconut/ US 41 is a failure now, the Ritz Carlton Residences are on the way, and now 500+ units, plus commercial with limited access to the project?? If someone told me about this and I didn't see all the pretty pictures proposing this abomination, I would have said this couldn't be happening. I can't believe the Board would permit this much density, much less the traffic pouring onto Coconut Road with severely limited access from 41.

Please require bike racks, wider sidewalks and more multiuse paths in all designs and plans. Please make pedestrian and cycling infrastructure a priority.

**Comments**

What infrastructure is in place so residents can get to the park without a motor vehicle? Sidewalks? Multiuse paths?
