Agenda Item No. or Topic

zoning case SEZ2020-E0101 Coconut Rd cell tower

Comments

I am against allowing the cell tower to be built at the proposed location.
The view which we paid significant amounts of money should not be sacrificed for the convenience of a particular company's profit margin. The tower does not belong in such a residential area. There is other land further inland that could be utilized which has less of a deleterious impact.
The danger from high winds and destroying other property is far more likely due to its size. It will be an eyesore for many miles. There is not a Common Good that will benefit everyone sufficiently to allow this tower.
Please do not allow this construction.

AT&T 3231 Coconut Road Cell Tower

Comments

I live in Waterside, the closest Pelican Landing subdivision. Today I can only see one bar for my (AT&T) cell phone signal. Please approve the new tower.
I use a CPAP machine which needs a good signal. So, it is important to improve our service.

Wawa gas station

Comments

The property is zoned for a restaurant and should remain for a restaurant only. There are already "several" gas stations in the immediate area. The addition of another gas station at this location, will increase the amount of traffic in the area, making it difficult to access the highway and existing businesses. This is a big safety concern.

Agenda Item No. or Topic

7a AT&T Monopole cell tower

Comments

As this is to be a 100 ft monopole, for use by AT&T, will there be any associated antenna or attachments added to this structure, or permitted for use by others? We will be in full view of the tower for it's life, as we are approximately 409 ft. away from the proposed tower position.

Cell tower installation

Comments

I oppose the building of the cell tower by the Elks Club in Estero. This is a residential area and this tower will be an eyesore for all who have to view it.

Support for ATT Towrr

Comments

Please note that many of us have constant and ongoing dropped calls and loss of service. We welcome this new tower to bring needed service to our community.
