

VILLAGE OF ESTERO ZONING STAFF REPORT

PROJECT NAME: SHOPPES OF COCONUT TRACE
CASE TYPE: AMENDMENT TO COMMERCIAL PLANNED DEVELOPMENT
CASE NUMBER: DCI 2015-00021
PLANNING & ZONING BOARD DATE: July 19, 2016

REQUEST

This is a request to add commercial uses to Tract B (Building #2), a 1.3 acre lot in an approved and partially built commercial development on US 41 and Lyden Drive. In addition, the Applicant has requested a deviation for a parking space reduction and a monument sign setback reduction.

APPLICATION SUMMARY

Applicant: CFT NV Developments, LLC in reference to Shoppes of Coconut Trace

Request: The Applicant has requested to amend the schedule of uses which was previously approved through zoning resolution Z-03-011 for the Commercial Planned Development (CPD). The proposed new uses would include; Clothing Stores, Gift & Souvenir Shop, Hobby, Toy & Game Shops, Household and Office Furnishings (Groups I and II), Personal Services (Groups I, II, III and IV), Pet Services, Pet Shop, Restaurants (Groups I, II, III only) and Specialty Retail Shops.

In addition to the amendment to the schedule of uses, there are 2 deviations. One is a reduced setback for a monument sign and one is for a parking reduction.

Location: The property is located at 22941 Lyden Drive. The applicant indicates the STRAP number is 09-47-25-E2-3500B.00B0.

PUBLIC INFORMATION MEETING

A Public information meeting was held at the Planning and Zoning Board on September 22, 2015. A Public Information Meeting was held at the Design Review Board on September 23, 2015. The Design Review Board approved the site plan at its October 28, 2015 public hearing.

PROJECT HISTORY

Zoning

Tract B is a portion of the larger planned development named Estero Point CPD which was approved by the County with the adoption of Resolution Number Z-03-011 (Attachment B). The planned development is located on the west side of US 41 between Vandenberg Way and Cerise Drive (an existing road not yet connected to US 41, south of Vandenberg Way).

Resolution Number Z-03-011 approved a commercial development with a maximum of 95,000 square feet of floor area. Of the 95,000 square feet, only 60,000 square feet could be developed with uses that had to meet the Commercial Site Locational Standards of the Comprehensive Plan found in Policy 6.1.2. The adopted Master Concept Plan included the requirements of this Policy

showing a 330 foot distance from the intersections of roads planned along the north and south boundaries of the planned development (now Vandenberg Way and Cerise Drive). Uses limited by Policy 6.1.2 can only be developed within this 330 foot distance.

Administrative amendment (ADD2005-00034) amended the zoning to reconfigure the parcels and the internal road, and the development intensity table in Condition 1. Policy 6.1.2., along with limitations on the location and intensity of use.

Development Approval

A local development order was issued for Tract B (DOS2015-00056). Approval was only for Phase I (2 restaurants) which included the northernmost building. The second building will have to be approved in the future as part of a separate development order.

STAFF ANALYSIS

The applicant proposes an amendment to the Schedule of Uses for Tract B (Building #2) Phase II) to allow additional commercial/retail uses on the 1.34 acre site. The additional uses will apply to the second building only. The first building for two restaurants is currently under construction. The proposed commercial/retail uses do not comply with the Comprehensive Plan locational criteria for minor commercial uses. A Special Case Finding by Council would be required to allow these commercial/retail uses which were requested. In addition, the Applicant has also requested two deviations:

1. Reduction of the monument sign setback located on the southbound and westerly side of US 41.
2. Reduction of the parking requirement by 5% for Tract B.

Amendment to Schedule of Uses

The schedule of uses for tracts A through D was set out in Resolution Z-03-11. Several commercial/retail uses were included in the prior approval. The Applicant has requested the following new uses for Tract B (Building #2):

- Clothing Stores
- Gift and Souvenir Shop
- Hobby, Toy and Game Shops
- Household and Office Furnishings (Groups I and II)
- Personal Services (Groups I, II, III and IV)
- Pet Services
- Pet Shop
- Restaurants (Groups I, II, III only)
- Specialty Retail Shops

The Applicant's proposed schedule of uses for Tract B (Building #2) is not in compliance with the Comprehensive Plan locational criteria for Policy 6.1.2.1 - minor commercial uses. The Applicant's project is located at the intersection of US 41 (arterial road) and Vandenberg Way (local road). This scenario limits development to 30,000 square feet for each intersection and requires the uses to be located within 330 feet of the adjoining rights-of-way of intersecting roads. Tract B is located beyond the required 330 feet. While the requested new uses are limited, and exclude fast-food restaurants, Staff does not recommend the proposed schedule of uses for Tract B for the reasons explained below.

The purpose of Site location standards in the Comprehensive Plan is twofold.

1. Locate higher intensity uses at intersections to provide for efficient traffic dispersal.
2. Prohibit and prevent “strip” commercial development along the roadway.

The proposed amendment to add additional commercial uses to the approved Schedule of Uses does not meet the additional site location criteria of the Comprehensive Plan. There are other tracts in the larger development that have been approved for 60,000 square feet of these type of uses. Approval of this request could create a precedent for other similar requests in the future.

Special Case Finding

The Applicant has requested a Special Case finding. The Comprehensive Plan explains this in Policy 6.1.2, which provides locational criteria for commercial development. Depending on the location of the property, commercial development intensity is limited based on the classification of the adjoining and nearby roadways. The Applicant’s project is located at the intersection of an arterial road (US 41) and local roads (Vandenberg Way and the future connection of Cerise Drive). Commercial development is limited to less than 30,000 square feet for each intersection, with the uses further limited to being required to be within 330 feet of the adjoining rights-of-way (See Attachment C - Master Concept Plan). The location standards apply to shopping centers, free standing retail or service establishments, restaurants, convenience food stores, automobile dealerships, gas stations, car washes and other commercial development which generate larger volumes of traffic.

The southern two-thirds of the subject property, Tract B (Building #2), is located outside of the 330 feet of the adjoining rights-of-way of the intersection roads and therefore the proposed uses cannot be located on this portion of the site. The Applicant has submitted (Attachment F) a narrative supporting a Special Case Finding for the commercial uses.

Staff does not believe the Applicant’s request meets the criteria for a Special Case Finding. There is nothing unique to this property which prevents development of the site. A special case finding is for unique circumstances where there is no pattern of intersecting roadways, for example on Pine Island. There are several intersecting roadways along US 41 which can accommodate commercial development. There is no justification for a Special Case Finding for the proposed project.

Deviations

Monument Sign Setback Request

The applicant is requesting a deviation from LDC Section 33-385 (a) (3) to allow a 10 foot setback. The applicant believes that a reduction would enhance visibility of the sign from US 41.

Staff believes the proposed setback of ten feet (10’) rather than 15 feet required by the LDC can be justified. There are a few nearby signs along the US 41 corridor which are setback 10 feet or less. The Applicant had indicated the footing for the adjacent building conflicts with the proposed sign footing location. The additional 3 feet would create an acceptable separation between the two structures. The monument sign complies with all other aspects for the requirements of LDC sections 30 and 33 as approved by the DRB. Staff supports the deviation as requested.

Parking Reduction

LDC Section 34-2020 allows a maximum reduction of 10% for parking spaces, when an applicant complies with one or more of the conditions listed in LDC Section 34-2020 (c) (1 through 7). The Applicant has provided a transit stop and a bicycle rack in close proximity of Tract B and complies with this section of the code. A parking reduction of 5% for off-street parking for Phase II of the proposed project was requested by the Applicant. Phase I (Restaurants) is currently under construction.

Phase I of the development is approved for one building with two restaurants. The restaurants are planned to have a total of 5,700 square feet of floor area and 600 square feet of patio area. The approved Site Layout Plan indicates the development has 100 parking spaces, 5 ADA spaces, and a total provided parking of 115 spaces. This meets the required parking to support the two restaurants (when calculated at 12.5 spaces per 1,000 square feet of total floor area)

Phase II could consist of a number of different uses when it is developed in the future. Off-street parking will vary widely, depending on the uses. More information regarding the specific type of use will be required. Staff does not believe a deviation is justified at this time.

RECOMMENDATION

The request for additional retail uses does not meet the locational requirement for Policy 6.1.2 of the Comprehensive Plan. Approving the revised schedule of uses could create a commercial strip effect along the US 41 corridor. Staff does not recommend approval of the additional uses and believes the approved schedule of uses for Tract B would be more appropriate. In addition, staff recommends approval of the monument sign setback reduction and denial of the parking reduction for Phase II (Building #2).

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS
OF LEE COUNTY, FLORIDA

WHEREAS, Greg Stuart and Tom Daugherty filed an application on behalf of Mike Shrigley, Applicant, and G & M Estates USA Inc., owner, to rezone a 11.3 acre parcel from Agricultural District (AG-2) to Commercial Planned Development (CPD) in reference to Estero Pointe CPD; and,

WHEREAS, a public hearing was advertised and held on March 5, 2003, before the Lee County Zoning Hearing Examiner, who gave full consideration to the evidence in the record for Case #DCI2002-00039; and

WHEREAS, a second public hearing was advertised and held on June 2, 2003, before the Lee County Board of Commissioners, who gave full and complete consideration to the recommendations of the staff, the Hearing Examiner, the documents on record and the testimony of all interested persons.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS:

SECTION A. REQUEST

The applicant filed a request to rezone a 11.3-acre parcel from AG-2 to CPD, to permit development of mixed use commercial project {including Consumption on Premises for Tract B, C, & D) consisting of 95,000 square feet of gross floor area. The property is located in the Suburban Land Use Category and is legally described in attached Exhibit A. The request is APPROVED SUBJECT TO the conditions and deviations specified in Sections B and C below.

SECTION B. CONDITIONS:

All references to uses are as defined or listed in the Lee County Land Development Code {LDC}.

1. The development of this project must be consistent with the one-page Master Concept Plan entitled "Estero Pointe CPD," stamped "Received JUN 13 2003 COMMUNITY DEVELOPMENT" except as modified by the conditions below. This development must comply with all requirements of the Lee County LDC at time of local development order approval, except as may be granted by deviation as part of this planned development. If changes to the Master Concept Plan are subsequently pursued, appropriate approvals will be necessary.

The project is limited to a maximum permitted gross floor area of 95,000 square feet. Of this total no more than 60,000 square feet may be used for uses which have to meet the Commercial Site Locational Standards of Lee Plan Policy 6.1.2.1.

Development of this site must be consistent with the landscaping/buffering commitments on the aerial submitted on February 11, 2003 and with the design standards shown on the

document entitled "Estero Pointe CPD Design Standards," stamped received January 7, 2003 and attached as Exhibit D.

Tract sizes shown on the Master Concept Plan ("MCP") may vary in accordance with the table below so long as the maximum amount of square footage for each individual tract, and for the project as a whole is not exceeded:

TRACT	SIZE	MAXIMUM INTENSITY
A	2 to 3.5 acres	30,000 sf. (One principal use only)
B	1.5 to 2.5 acres	50,000 sf.
C	4 to 5.5 acres	25,000 sf.
D	1.5 to 3.5 acres	35,000 sf.

Final building placement and footprints will be determined at the Development Order phase.

The MCP depicts the project's general configuration. Final building placement and footprints will be determined at the Development Order phase. The final site area, internal row, parking and circulation areas, building footprints, surface water management system and other functional elements will be substantially consistent with the approved M.P.

2. The following limits apply to the project and uses (the following Schedule of Uses replaces that provided on the approved M.P.):

- a. Schedule of Uses (uses preceded with * are only permitted on Tracts in compliance within the locational criteria of Lee Plan Policy 6.1.2.1 - minor commercial uses)

b. Site Development Regulations

Minimum Lot Area and Dimensions:

Area: 20,000 square feet
 Width: 100 feet
 Depth: 100 feet

Minimum Setbacks:

Street: variable according to the functional classification of the street or road
(Section 34-2191 *et seq.*)
Side: 10 feet
Rear: 20 feet
Water Body: 25 feet

Accessory Use and Structure setbacks must comply with LDC §§ 34-1171 *et seq.*
and 34-2194.

Maximum Lot Coverage: 45 percent

Maximum Building Height: 35 feet

3. No excess excavated material may be removed from the site unless the developer can demonstrate to the Director of Community Development that the material to be removed: 1) is unsuitable material that cannot be used onsite and 2) the material must be excavated to meet the minimum requirements to provide a water management system on the site. The purpose of this condition is to prohibit the voluntary creation of excess fill material for use offsite.
4. No blasting activities are permitted as part of this planned development.
5. Uses which must comply with the commercial site location standards in Policy 6.1.2.1, may not be constructed within the northernmost and southernmost 330 feet of the project (respectively), until it is demonstrated that the corresponding intersection required by Policy 6.1.2.1, physically exists and is physically and legally accessible from the project.
6. Prior to local development order approval, a protected species survey must be conducted specifically for gopher tortoises and a gopher tortoise management plan submitted for the Division of Environmental Sciences staff review and approval.
7. Prior to local development order approval, the landscape plan must include a hedge on the residential side of the wall shown along the west property line on the MCP. The single row hedge must be 100 percent native species, planted at a minimum 48-inch height and maintained at a minimum 60-inch height. The landscape plan must also demonstrate that there are a minimum of five Sabal palms per 100 linear feet on the Marsh Landing side of the wall, and a minimum of five native canopy type trees (e.g., live oak; black olive) per 100 linear feet along the east side of the surface water retention areas abutting the project road to meet the 10 trees per 100 linear foot buffer requirement.

This buffer must be installed as part of the first local development order for this project.
8. No outdoor storage or display of commercial products may be permitted as part of this planned development.
9. Approval of this zoning request does not address mitigation of the project's vehicular or pedestrian traffic impacts. Additional conditions consistent with the Lee County LDC may be required to obtain a local development order.

10. Approval of this rezoning does not guarantee local development order approval. Future development order approvals must satisfy the requirements of the Lee Plan Planning Communities Map and Acreage Allocation Table, Map 16 and Table 1(b), be reviewed for, and found consistent with, the retail commercial standards for site area, including range of gross floor area, location, tenant mix and general function, as well as all other Lee Plan provisions.
11. No agricultural uses are permitted on this site.
12. Tract A is limited to one principal use.

SECTION C. DEVIATIONS:

Deviation 1 seeks relief from LDC §10-418(d)(6) requirement to provide an 8-foot-high solid wall or wall and berm combination to be constructed not less than 25 feet from the abutting property when roads, drives, or parking areas are located within 125 feet from an existing residential subdivision; to allow an enhanced Type F buffer. The Hearing Examiner recommends this deviation be **APPROVED SUBJECT TO Condition 7.**

SECTION D. EXHIBITS AND STRAP NUMBER:

The following exhibits are attached to this resolution and incorporated by reference:

- Exhibit A: The legal description of the property
- Exhibit B: Zoning Map (with the subject parcel indicated)
- Exhibit C: The Master Concept Plan
- Exhibit D: Estero Point CPD Design Standards

The applicant has indicated that the STRAP number for the subject property is:

09-47-25-00-00001.005A

SECTION E. FINDINGS AND CONCLUSIONS:

1. The applicant has proven entitlement to the rezoning by demonstrating compliance with the Lee Plan, the LDC, and any other applicable code or regulation.
2. The rezoning, as approved:
 - a. meets or exceeds all performance and locational standards set forth for the potential uses allowed by the request; and,
 - b. is consistent with the densities, intensities and general uses set forth in the Lee Plan; and,
 - c. is compatible with existing or planned uses in the surrounding area; and,

- d. will not place an undue burden upon existing transportation or planned infrastructure facilities and will be served by streets with the capacity to carry traffic generated by the development; and,
 - e. will not adversely affect environmentally critical areas or natural resources.
3. The rezoning satisfies the following criteria:
- a. the proposed use or mix of uses is appropriate at the subject location; and
 - b. the recommended conditions to the concept plan and other applicable regulations provide sufficient safeguard to the public interest; and
 - c. the recommended conditions are reasonably related to the impacts on the public interest created by or expected from the proposed development.
4. Urban services, as defined in the Lee Plan, are, or will be, available and adequate to serve the proposed land use.
5. The approved deviations, as conditioned, enhance achievement of the planned development objectives, and preserve and promote the general intent of LDC Chapter 34, to protect the public health, safety and welfare.

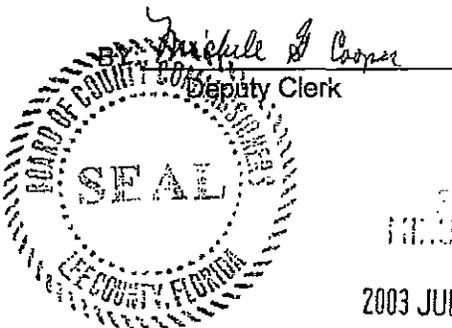

The foregoing resolution was adopted by the Lee County Board of Commissioners upon the motion of Commissioner St. Cerny, seconded by Commissioner Coy and, upon being put to a vote, the result was as follows:

Robert P. Janes	Nay
Douglas R. St. Cerny	Aye
Ray Judah	Absent
Andrew W. Coy	Aye

Special Case Narrative

SPECIAL CASE FINDING NARRATIVE

Bohler Engineering, LLC, which hereby represents CFT NV Developments, LLC, respectfully requests a Special Case finding from the Village Council in accordance with Policy 6.1.2.8.

In our professional opinion, this project qualifies as an “infill development” based on the existing configuration of lots. Specifically, the existing Master Concept Plan bifurcates Tracts B and C via the 330’ Minor Commercial Limit line. Based on the characteristics of our project area, retail uses are the only reasonable use of the parcel in light of its size, its proximity to arterials and collectors, and the nature of the existing and projected surrounding uses.

The proposed zoning amendment will abide by Lee County Comp Plan as the proposed development will provide interconnectivity to the existing bank to the north and proposes a future connection to the south. The interconnectivity of the parcels will provide traffic dispersion, meeting the intent of Lee County Comp Plan. In addition, the existing community has commercial development to the north and the south is zoned for commercial use.

Furthermore, this request shall be specific to the southern portion of Lot B only. The future plans have been discussed with Marsh Landing HOA President, Connie Mansfield, and the community fully supports the intended uses for our future building. The Schedule of Uses has also been revised to include the below uses on the southern portion of Tract B (in addition to those uses currently allowed):

- Clothing Stores
- Gift & Souvenir Shop
- Hobby, Toy & Game Shops
- Household & Office Furnishings (Groups I and II)
- Personal Services (Groups I, II, III and IV)
- Pet Services
- Pet Shop
- Restaurants (Group I, II, III only)
- Specialty Retail Shops
